This compilation is made under and by virtue of the authority of an act of the Legislative Assembly of this State, of the session of 1899, and a joint resolution of the Legislative Assembly of 1913. The act referred to provides that the Superintendent of Public Instruction shall annotate and compile the school laws and that said compilation shall include all blank forms necessary to secure a uniformity of system in the administration of the schools throughout the State. This compilation embraces all the statutes now in force, which in any way affect the public school system; a summary of the decisions of the Supreme Court of Oregon, and the most important decisions of the Attorney-General upon the school laws; the rules and regulations of the State Board of Education, suggestions for the use of school officers, and plans for rural school buildings.

The law relating to the State schools is omitted in order to make this volume a more convenient size. Full information relative to these schools may be obtained from their respective catalogues, which will be sent upon application by the president of each school. Address, President J. H. Ackerman, of the State Normal School, Monmouth; President W. J. Kerr, of the Oregon Agricultural College, Corvallis, and President P. L. Campbell, of the University of Oregon, Eugene.

SCHOOL LAWS

TITLE I

OFFICERS AND THEIR POWERS.

CHAPTER I.

SUPERINTENDENT OF PUBLIC INSTRUCTION.

§ 1. *Superintendent of Public Instruction a Distinct Office.*

The office of Superintendent of Public Instruction in this State is hereby declared to be a separate and distinct office, and the present incumbent of said office shall hold the same during the term for which he has been elected, and until his successor is duly elected and qualified. [L. O. L. § 3943.]

§ 2. *Election and Salary of Superintendent.*

A Superintendent of Public Instruction shall be elected at the general election of the year 1902, and every four years thereafter, and shall qualify and enter upon the duties of his office on the second Monday in January following his election. He shall receive annually a salary of \$3,000, payable by the State as the salaries of other State officers are paid. [L. O. L. § 3944.]

§ 3. *Office of Superintendent.*

He shall be provided with an office at the State Capitol, furnished with the necessary stationery, lights, fuel, etc., to be paid for by the State as the expenses of other State officers are paid. [L. O. L. § 3945.]

§ 4. *Duties of Superintendent.*

1. It shall be the duty of the Superintendent of Public Instruction to exercise a general superintendence of the county and district school officers and the public schools of this State.

2. He shall visit, as far as practicable, every county in the State, annually, in the interest of education.

3. He shall attend county institutes within the State and educational meetings out of the State when practicable, and

shall assist in the organization and development of institute work in each county; he shall visit, as often as practicable, the principal schools of the State for the purpose of inspection and supervision; and he shall also keep statistics of the condition of schools, buildings, appurtenances, apparatus, libraries, the conduct and standing of pupils, methods of instruction, and the discipline and government of schools, etc.

4. He shall visit in person, when practicable, all the chartered educational institutions of the State, and shall secure such statistical information relative to number of students, teachers, value of property, libraries, salaries, and courses of study, as he may deem advisable for the advancement of education and for the information of the legislature.

Shall Furnish Blanks, etc.

5. He shall prepare and distribute to the various county school superintendents in the State such a uniform series of blanks, registers, forms, rules, and regulations as he may deem necessary for the administration of the school laws; and the Secretary of State shall cause the same to be printed. County school superintendents shall receipt to the Superintendent of Public Instruction for all supplies received, and distribute the same to the various district clerks, taking their receipts for the same.

Shall Act as Secretary State Board of Education.

6. He shall act as secretary of the State Board of Education. He shall annotate and compile all school laws ordered published by the State Board of Education; and said compilation shall include all blank forms necessary to secure a uniformity of system in the administration of the school laws throughout the State.

7. He shall, whenever he may deem the same expedient, issue printed letters and circulars to school officers pertaining to any subject relative to the duties of teachers, directors, pupils, parents and guardians, the management of schools, and all other questions of general and special interest to the cause of education.

Shall Decide Cases Submitted to Him on Appeal.

8. He shall decide, without cost to the parties, all questions of doubt that may be submitted to him, and all disputes that may be appealed to him from the county school superintendents, concerning the proper administration of the school laws of this State and of the rules and regulations of the State Board of Education, and concerning the ministerial duties of

school officers and teachers; but he may, in his discretion, submit any such question or dispute to the State Board of Education, who shall then decide the same. The State Superintendent, or the State Board of Education, may require the opinion, in writing, of the Attorney General concerning such questions or disputes, whose duty it shall be to give the same. The State Board of Education shall adopt reasonable rules of procedure to govern the submission of such questions, and the trials and appeals provided for in this act. The decision of the State Superintendent or of the State Board of Education, as herein provided, shall guide school officers and teachers in the discharge of their duties in respect to the matters so decided; but this section shall not be construed to deprive any person of his ordinary remedy in a court of competent jurisdiction.

In *School Dist. v. Irwin*, 34 Or. 431, 56 Pac. 413, it was held that an appeal from an order of the county school superintendent to the State Superintendent of Public Instruction is not authorized, but since this decision was rendered the law has been changed. The provision that "all disputes that may be appealed to him from county school superintendents concerning the proper administration of school laws of this State, and of the rules and regulations of the State Board of Education," etc., of subd. 8, was not contained in the former law, and this language would no doubt be construed to authorize an appeal in such cases. This is strengthened by Section 68, which provides that a county school superintendent shall "hear, examine, and decide appeals from district officers and teachers without cost to the appellants, and subject to an appeal to the Superintendent of Public Instruction."

Shall Hold State Teachers' Association.

9. He shall, once in each year, cause to be held a State teachers' association, at such time and place as in his judgment will best promote the general interests of education.

Traveling Expenses.

10. He shall make out, quarterly, a statement of the necessary traveling expenses incurred in the discharge of his duties, which claims shall be audited and paid as other claims against the State; *provided*, that such sum shall not exceed \$900 per annum; *provided, further*, that every such claim shall be verified by the Superintendent of Public Instruction, and said Superintendent of Public Instruction shall receive no other salary or fees or perquisites for the performance of any duties required by law as said superintendent or member of any board. [L. O. L. § 3946.]

§ 5. Biennial Reports—Subjects of.

The Superintendent of Public Instruction shall report to the legislative assembly, biennially, in the same manner and at the same time that other State officers make their reports. His reports shall contain:

1. The general condition of the public schools of the State;
2. The amount of school money apportioned among the several counties, and the sources whence such money was derived;

3. The amounts raised by county and district taxes, and the amounts paid for teachers' salaries, buildings, furniture, etc.;

4. The series of text-books authorized in accordance with the provisions of the law;

5. The rules and regulations prescribed by the State Board for the government of public schools;

6. The number and grade of the schools in each county;

7. The number of persons between the ages of four and twenty years, the number attending public schools, the number attending private schools, and the number not attending any school;

3. Any and all information that in his judgment may be useful to the public, and for the advancement of the educational interests of the State. [L. O. L. § 3947.]

§ 6. *Present Certificates Not Invalidated.*

Nothing in this act shall be construed to invalidate the life of any certificate or diploma now in full force and effect in this State, nor to invalidate the rights and privileges now granted by such certificate or diploma. Present holders of State certificates shall be allowed to secure a life certificate by taking a satisfactory examination in botany, geometry and general history; and, all persons who have, prior to June 1, 1911, partially completed their examinations for State certificates shall be allowed to complete the examinations for State certificates and life diplomas in accordance with the laws, rules and regulations now governing the examination for State certificates and life diplomas. Present holders of first grade county certificates in this State which are subject to renewal without examination, shall be entitled to have the same renewed by the State Superintendent of Public Instruction under the provisions of the law now in effect. [L. 1911, Ch. 58, p. 86, § 1.]

Applicants for teachers' certificates at a State examination, cannot claim exemption from examination as to branches upon which they have previously passed, under the statute which has been repealed, providing that grades earned at one examination may be credited at a succeeding examination.—Report of Attorney General, 1913, p. 106.

NOTE.—The above opinion refers to an old certificate law which contained the following clause: "Provided, that whenever an applicant has upon two successive examinations received eighty-five per cent or more in one or more branches, said applicant may at the next examination thereafter be excused from examination upon such branches and be credited with the standings so earned."

This law was repealed in 1911. At that time many persons had earned exemptions in a few of the subjects, but these were forfeited on account of the

repeal of the law. Only those who had, at the time the law was changed, earned exemptions in all of the thirteen subjects, including English literature and physical geography, which were then required for a first grade certificate, can continue to use their exemptions in securing renewals of their first grade county certificates.

§ 7. *Certificates Issued by Superintendent of Public Instruction.*

All certificates, except those provided for in Sections 22 and 23 shall be issued by the Superintendent of Public Instruction. [L. 1911, Ch. 58, p. 86, § 2.]

All fees collected by county school superintendents from applicants for teachers' certificates, must be paid to the superintendent of public instruction, the provision of Chapter 58, Laws of 1911, to this effect, taking precedence over any and all prior statutes as to the disposition of such fees.—Report of Attorney General, 1913, p. 143.

A one-year State certificate may be secured in the following manner:

By Examination.

1. A one-year State certificate, valid throughout the State for one year, shall be granted to an applicant who shall pass an examination before the State Board of Examiners with a general average of not less than seventy-five per cent and shall not fall below sixty per cent in any one of the following subjects: Arithmetic, civil government, geography, grammar, history, orthography, physical geography, reading, school law, theory and practice of teaching, and writing.

The Superintendent of Public Instruction before issuing the same shall receive satisfactory evidence of the applicants' fitness to teach the subject named in the certificate. [L. 1913, Ch. 170, p. 297, § 1.]

§ 21. *Qualifications of High School Teachers.*

Any teacher employed in a four-year high school of this State except as otherwise provided for by this act, shall be a graduate of some standard college or university as defined by this act, or shall be the holder of a life State certificate or state diploma secured by examination before the State department; *provided*, that this section shall not be construed to deprive the holder of

a teacher's life certificate or diploma now in full force and effect in this State from the right to teach in any high school in this State; *provided, further*, that the holder of a certificate secured in accordance with Section 17 is hereby authorized to teach the teachers' training course, as provided in Section 44, in any high school of this State. [L. 1911, Ch. 58, p. 92, § 15.]

All teachers holding certificates granted by authority of the State, are authorized to teach in high schools having a course of less than four years, while in four-year high schools, only teachers who have graduated from a standard college or university, as defined in the statute, or hold a State life certificate or diploma, may be employed.—Report of Attorney General, 1913, p. 424.

§ 22. *Temporary County Certificates.*

A temporary county certificate may be issued by the county superintendent in case of necessity, valid only in the county where issued until the next regular public examination held by the county superintendent for such county, to a holder of a certificate valid in any other state, when the applicant for the same shall present satisfactory testimonials of good character and success as a teacher; but no permit shall be issued to any person not holding a valid certificate as herein set forth, except on a written examination equivalent to that required for a one-year State certificate, except in Oregon school law. The traveling expenses of the county school superintendent, when visiting the schools taught in his County, include cost of traveling, hotel bills, and other expenses necessarily incident to his traveling around the county.—Report of Attorney General, 1913, p. 383.

(b) DISTRICT BOUNDARY BOARD.

§ 55. *How Constituted—Duties.*

The superintendent and the county court, or the board of commissioners in counties where this board is a separate body, shall constitute a board for laying off his county in convenient school districts, such board to be styled the district boundary board. Said board shall make alterations and changes in the same when petitioned so to do,* in the manner hereinafter specified; and the superintendent shall make a record showing the boundaries and numbers of all the districts in his county so established and organized. The county judge shall be *ex officio* chairman of said board, and the superintendent *ex officio* secretary; except, where the board of county commissioners is a separate body, the chairman of the board shall be chairman. The superintendent and two members of the county board shall constitute a quorum for the transaction of business. [L. O. L. § 3965.]

See note to Section 196.

*The manner of petitioning is specified in Section 196.

The county school superintendent and the county judge and commissioners constitute a board for dividing the county into convenient school districts. Section 196 provides that the district boundary board in its discretion may, on

the petition of three or more legal voters, change or divide the districts of the county. Section 58 provides that when any organized school district shall cease to maintain a public school for two years or to contain at least six children, then all the moneys in the hands of the district clerk or board of directors shall be turned over to the district boundary board for three years thereafter, and if during that time such district shall maintain a public school therein, and shall contain at least six children, the board shall surrender the money, etc., to the directors of the district; but that on failure of the district to comply with such provisions it shall become unorganized territory and cease to be a district. *Held*, that no power being granted to the boundary board to abolish a district, the board could not change the boundaries of a district so as to leave less than six children therein, the word "discretion," as used in the statute, not meaning absolute or arbitrary power, to be exercised to the injury of another. *Nicklaus v. Goodspeed*, 56 Or. 184 (108 Pac. 135).

§ 56. *Superintendent to Give Notice of Creation or Alteration of District.*

When the district boundary board shall have established a new district, the superintendent shall notify, in writing, three of the petitioners in said district, who petitioned therefor, giving in said notice the number and boundaries thereof and when alterations are made by said board the superintendent shall notify immediately, in the manner aforesaid, the directors of all the districts concerned. [L. O. L. § 3966.]

§ 57. *Conditions to Be Observed on Establishment or Change of District.*

Whenever the district boundary board shall establish a new district or change the boundaries of existing districts, such established or change shall be made so as to keep all the territory, embraced in any corporate city or village, in one school district, but the district boundary board may include in any such school district territory not within such corporate boundaries; and said boundary board is hereby authorized to change, without the presentation of a petition, boundaries of any school district or districts so that all the territory embraced in a corporate city or village shall be in one district. [L. O. L. § 3967.]

§ 58. *Abandoned District—District Boundary Board to Take Charge.*

Whenever any duly organized school district within this State shall for any reason cease to maintain a public school for two years from any annual school meeting, or when such district shall for two years cease to contain at least six children of school age, then all moneys in the hands of the district clerk or board of directors of said district shall be turned over to the district boundary board of the county in which such district is situated, which said district boundary board shall also take charge of the school house or school houses and other property

of said district; and it shall be the duty of said district boundary board to take care of said moneys and other property of said district for the term of three years thereafter, and if, during that time, said district shall maintain a public school therein as provided by law, and shall contain at least six children of school age, then said boundary board shall surrender said moneys and other property to the legal directors of said district. If, however, said district fails to maintain a school within said three years, or if, at the end of said three years, there should not be at least six children of school age residing in said district, then said district boundary board shall sell the property of said district at public auction for the best price it can obtain, in the same manner as personal property or real estate is sold on execution, and give a bill of sale or execute a deed for the same, as the case may be, and shall apply the proceeds of such sale and also any moneys of said district which may be in the charge of said district boundary board to the satisfaction of any debts of said district, other than bonded indebtedness, and if any sum remains thereafter, shall pay the same to the county treasurer, who shall place the same to the credit of the county school fund of said county; and said school district shall then become disorganized and the territory embraced therein shall be considered and treated the same as other unorganized territory within the county; *provided*, that if, at any time within the three years above mentioned, the territory embraced in said district shall be annexed to one or more adjoining districts, then the district boundary board shall proceed at once to sell said property and apply the proceeds of said sale and also any moneys of said district which may be in the charge of said district boundary board to the satisfaction of the debts of said district, other than bonded indebtedness, and, if any sum remains thereafter, shall divide the same among the districts to which said territory has been annexed in proportion to the last assessed valuation of the various portions so annexed; *provided further*, that, if such district should be a joint district, the moneys, school house or school houses, and other property of said district shall be controlled by the district boundary board of the county in which the school house is located, and when the property has been disposed of, as provided for in this section, the net proceeds shall be apportioned between the counties concerned in proportion to the assessed valuation of the parts of the counties contained in such joint district. [L. O. L. § 3968.]

§ 59. *District Boundary Board May Condemn Real Property.*

Whenever it may be necessary for any school district in this State to acquire any real property for school house site or other necessary school purposes, and the owner of said real property and the board of directors of said school district can not agree upon the price to be paid therefor, and the damage for the taking thereof, if any, the district boundary board of the county in which such real property desired for school purposes lies, may and is hereby authorized, upon written request from the board of directors of such school district, to commence and prosecute in the circuit court for said county the same as other actions or suits are brought, in the name of such school district, any necessary or appropriate suit, action or proceeding for the condemnation of said real property so required for said purposes, and for the assessment of the value and the damage for the taking thereof; and the district attorney of the judicial district in which such property to be condemned lies, shall act as attorney for said district boundary board in all proceedings in the circuit court, as in other causes in which the State or county is a party or interested. The procedure in said suit, action or proceeding shall be, as far as applicable, the procedure provided for in and by the laws of this State for the condemnation of land or rights of way by public corporations or quasi-public corporations for public use or for corporate purposes. [L. O. L. § 3969.]

§ 60. *Expense and Value of Land to Be Paid by District.*

The expenses of such condemnation proceedings, and the value of such real property and the damage [for] the taking thereof, shall be paid by the school district for which the real property is condemned in the same manner as other expenses for like purposes are paid. [L. O. L. § 3970.]

(c) APPORTIONMENT OF SCHOOL FUND.

§ 61. *School Fund—How Apportioned.*

The county school superintendent shall make an apportionment of the entire school fund then in the county treasury on the first Monday in October of each year, and at such other times during the year as he may deem advisable. The county school fund, collected in pursuance of the school tax levied by the county court, shall be apportioned in the following manner: In October he shall apportion \$100 to each district in his county that has reported to him as required by law. At the same time he shall apportion to each district in his county \$5.00 for each teacher employed by such district during the

twelve months immediately preceding such apportionment who has attended, for a period of at least sixteen hours, an annual county institute or State teachers' association held during the twelve months immediately preceding the time of making such apportionment. The county superintendent shall take as evidence that such district has employed a teacher or teachers who have attended an institute or association, as above described, a certificate properly signed by the secretary of such institute or association, or a certified copy thereof. It is hereby made the duty of such teacher to file with the clerk of such district a certificate, or copy thereof, as hereinbefore provided, and it shall be the duty of said clerk to file said certificate, or copy thereof, with the school superintendent of his county; *provided*, that the county school superintendent shall not credit a district with a greater number of such certificates than the whole number of rooms in operation in such district at any one time during the year. The balance of the county school funds thereafter remaining in the treasury, and any amount of such funds to be apportioned at any other time, shall be apportioned among the several districts in his county that have reported to him as required by law, in proportion to the total "number of children resident in each district between the ages of four and twenty years," as shown by the clerk's last annual report. If, at the time for making the apportionment in October, there shall not be sufficient of the county school fund to make the required \$100 to each district and the \$5.00 for each teacher employed, as hereinbefore provided, he shall apportion the whole amount of such fund, in equal sums among the several districts which have reported as required by law; and as soon thereafter as there is a sufficient amount of the county school funds on hand for that purpose, he shall apportion to each district such a sum as will make up the required \$100 and \$5.00 for that year. [L. O. L. § 3971.]

A county superintendent cannot be compelled by mandamus to make apportionment of the school fund among several districts of a county until such districts, or at least some of them, have reported as required by law; nor unless it is made to appear that there are some funds in the treasury available for that purpose. (*Booth v. Bryan*, 26 Or. 502, 38 Pac. 618.)

A school district has no vested right to the money arising from the levy of the county school tax, or interest on the irreducible State fund, until the money has been segregated and apportioned to the districts; but it has an inchoate right to the fund, and by mandamus may compel the division thereof by apportionment based on the annual census of the school clerk; but mandamus will not lie to compel a county treasurer to pay the amount apportioned to a new school district formed by division of an old one, where the alternate writ fails to show the number of children in both districts and it does not appear that the number of children in the new district were originally enrolled and enumerated in the original district. (*School Dist v. Lambert*, 28 Or. 221, 42 Pac. 221.)

§ 62. *In Joint Districts.*

In case of joint districts, the sum of \$100 herein required to be paid to each school district in a county before any part of

the county school fund is otherwise apportioned; said \$100 shall be paid to said joint district by the counties in which it lies in proportion to the total number of children of school age resident in each district between the ages of four and twenty years, as shown by the clerk's last annual report; and the \$5.00 each for teachers employed, as hereinbefore provided, shall be paid in equal proportions by each of the counties in which such district lies. [L. O. L. § 3972.]

§ 63. *Apportionment of Irreducible School Fund—Issuance of Warrants.*

On the first Monday of October of each year he shall apportion the common or irreducible school fund among the several districts in his county, in proportion to the number of children resident therein between the ages of four and twenty years. As soon as he shall have made any of the apportionments provided for in this section, he shall draw warrants on the county treasury in favor of the districts for their respective shares, and transmit the same to the clerks thereof; *provided*, that the superintendent shall not issue or transmit any such warrant to the clerk of any district until the clerk's bond shall have been received, examined, and approved by the county school superintendent, and filed by him in his office as a part of the records thereof. [L. O. L. § 3973.]

§ 64. *Basis of Apportionment.*

The basis of all apportionments shall be the last annual reports of the several district clerks on file in his office at the time of making such apportionments. [L. O. L. § 3974.]

§ 65. *Partial Apportionment.*

A county superintendent may, upon the written request of any district school board, make a partial apportionment to any district of any money due it at the time of making a regular apportionment, and apportion the remainder at the next regular apportionment; but no such partial apportionment shall be made in any way that will result in such district not applying at least eighty-five per cent of the amount received each school year on teachers' salaries as required by law. [L. O. L. § 3975.]

§ 66. *Shall Open an Account With County Treasurer.*

The county superintendent shall keep a book in which he shall open an account with the treasurer of his county; also, with the several districts. He shall charge the treasurer with all the school funds going into his hands, and when the treas-

urer shall present to him the district clerks' receipts, he shall credit the treasurer with the amount. When the superintendent shall have made any apportionment of the school funds, he shall credit each district with the amount set apart to it, and on receiving the receipt of a clerk of a district from the treasurer, he shall charge the amount to such district. [L. O. L. § 3976.]

(d) GENERAL DUTIES.

§ 67. **To Make Report to Superintendent of Public Instruction.*

The county superintendent shall study to awaken among parents and children a deeper interest in the public schools, so as to secure improved attendance, deportment and scholarship [of pupils] and more frequent visits of parents and school directors. He shall carefully observe the condition of the school houses and surroundings, note all defects and notify the board of directors of the same. He shall receive the reports of all the districts of his county, and shall, by the fourth Monday of July of each year, make out from the records of his office a general report, adding such suggestions thereto as he may deem of importance to the cause of education, and transmit the same to the Superintendent of Public Instruction, retaining a copy thereof in his office. [L. O. L. § 3994.]

§ 68. *To Hear and Determine Appeals.*

The county superintendent shall hear, examine and decide appeals from district officers and teachers, without cost to the appellants, and subject to an appeal to the Superintendent of Public Instruction. [L. O. L. § 3995.]

§ 69. *To Enforce Course of Study.*

The county superintendent shall enforce the course of study for county schools prescribed by law. [L. O. L. § 3996.]

§ 70. *To Keep Record of Contracts.*

The county superintendent shall keep in a suitable book an official record of all persons under contract to teach in his county, showing the number of the school district and the date of the contract, the names of the contracting parties, the salary paid, the date of commencing school thereof, and the length of term in weeks. [L. O. L. § 3997.]

*For duties relative to visiting schools of his county, see Section 54.

§ 71. *To Make Special Reports.*

The county superintendent shall make special report of important matters relating to the public schools in his county when necessary, and when required by the Superintendent of Public Instruction. [L. O. L. § 3998.]

§ 72. *To Consult With Board of Directors — School House Plans.*

The county superintendent shall advise and consult with boards of directors relative to the construction, warming, ventilation and arrangement of school houses; the improving and adorning of school grounds; methods of instruction and discipline in the school, and the conditions of school houses, sites, and outbuildings and appendages of the district generally. It shall be illegal for any school district of the third class to erect a school building until the plans for the same have been approved by the county superintendent of the county in which the district may be situated. [L. O. L. § 3999.]

§ 73. *To Use Uniform Blanks.*

The county superintendent shall use a uniform series of blank reports, registers, receipts, etc., which shall be prepared and furnished by the State Board of Education. [L. O. L. § 4000.]

§ 74. *To Hold Institutes.*

1. *County.*—The county superintendent shall hold annually a teachers' county institute, for a term of not less than three days, for the instruction of teachers and those desiring to teach; and all teachers in the public schools of his county shall be required to attend; and the Superintendent of Public Instruction may, at his discretion, upon a written complaint of the county superintendent, revoke the certificate, or refuse to grant a certificate to any teacher who refuses to attend the county institute without cause. The county superintendent shall receive the assistance and co-operation of the Superintendent of Public Instruction in holding annual institutes. Every teacher attending any annual county institute held in accordance with the provisions of this act shall be given by the county superintendent a certificate setting forth at what sessions of said institute such teacher shall have been in attendance, and any teacher who shall have closed his or her school for not more than three days in order to attend said institute shall not forfeit his or her wages as teacher during such time as he or she shall have been in attendance at said institute, and the certificate herein-

before provided for shall be evidence of such attendance. If the institute is held during the session of school, the directors shall be required to grant three days' time of actual service to their teachers to attend the said institute, during which time their pay as teachers shall continue.

2. *Local*.—It shall be the duty of each county school superintendent to organize and hold annually at least three local institutes or educational meetings in various parts of his county at such times and places as he may deem expedient, and he shall secure at these meetings, so far as practicable, the attendance and co-operation of school officers, teachers and parents.

3. *Claims for Institute Service*.—All claims for defraying the expenses of such institutes shall be audited and paid as are all other claims against the county; *provided*, that the total amount paid by any county for each fiscal year shall be two dollars for each school room in operation in such county during such year; *provided further*, that if in any county this amount does not equal the sum of \$150 for each fiscal year then the county court of such county shall appropriate from the general fund of the county for defraying the expenses of such teachers' institutes the sum of \$150; *provided further*, that the total amounts allowed for claims for such expenses in any county for teachers' institutes shall not exceed \$400 each fiscal year. Should there be any balance in the institute fund at the time this act shall be in effect the county treasurer is hereby authorized and commanded to transfer such balance from the institute fund to the general fund of his county. [L. O. L. §§ 4001 and 4002; L. 1911, Ch. 58, p. 97, § 30.]

A county institute can be held on different days, regardless of whether it is one continuous session, if the adjournment is for any reasonable cause.—Report of Attorney General, 1911, p. 70.

Expenses of County Teachers' Institutes should be paid from the general fund of the county at least to the extent of \$150, which the county court is required by statute to set aside for such purpose, and there is no other fund from which the same can be paid. All claims for such expenses are audited by the County Court, and paid as other claims against the County.—Report of Attorney General, 1913, p. 399.

§ 75. *Joint Annual Institute*.

Two or more counties may, at the discretion of their respective county superintendents, unite for the purpose of holding a joint annual institute at such place as may be agreed upon by such superintendents, and all the provisions of Section 74 shall apply to such joint institute. [L. O. L. § 4003.]

§ 76. *Teachers' Training School*.

The teachers of each county may decide by a majority vote of the whole number of such teachers employed

in any county to substitute for the teachers' annual institute provided in Section 4002 of Chapter 3 of Title XXXII of Lord's Oregon Laws a training school of at least three weeks' duration to be held in the months of June, July or August, such school to be under the management and control of the county school superintendent. Such training school shall instruct in the art of teaching, methods of class work, arrangement of program and the practical work of the school room. The county school superintendent shall secure the necessary instructors and shall be assisted by the State school superintendent in so doing. The expenses of the training school shall be defrayed by a fund created from the enrollment of all teachers attending such training school, each of whom shall pay an enrollment fee of one dollar (\$1.00). If the fund so created shall be found insufficient to defray the expenses of such training school, the deficit shall be made up in the manner provided in Section four thousand and two (4002) of Lord's Oregon Laws; *provided, however*, that in case such fund created by registration, together with the fund allowed for institute purposes provided in Section 4002 aforesaid, shall still be insufficient to pay the necessary expense of such training school, then the county court shall pay such additional expense as shall be necessary out of the general fund of the county. But the whole expenditure for such training school shall not exceed double the sum now allowed for institute purposes as provided in said Section 4002. [Laws 1913, Ch. 178, p. 318, § 1.]

§ 77. *Attendance of Teachers.*

All teachers having less than 27 months of teaching experience, eight of which shall have been in the State of Oregon, shall be required to attend the teachers training school as provided for in this act; *provided*, that graduates of an accredited normal school or persons who have completed the teachers' training course for an accredited high school or other accredited institution as provided in Chapter 58 of the Session Laws of 1911 shall be exempt from the provisions of this section. The county school superintendent may direct that any teacher who has not had normal training shall attend the training school herein provided if he deem that the welfare of the schools of his county demands it. Sickness of self or the serious illness of some member of the teacher's family shall be a valid excuse for non-attendance. Teachers required to attend the training school provided for in this act shall attend the sessions for three seasons, but the work they take shall advance for each season's attend-

ance. The county school superintendent shall issue to each teacher attending such school a certificate showing the extent and character of the work done in such school. The instruction in this school shall be free of charge to teachers attending the school. If any teacher shall fail or refuse to attend such training school when required to do so by the provisions of this act, the county school superintendent shall bring the matter to the attention of the State school superintendent who shall revoke such teacher's certificate unless a valid or reasonable excuse be given for such non-attendance. [Laws 1913, Ch. 178, p. 319, § 2.]

§ 78. *Teachers May Vote.*

The county school superintendent of any county may submit to the teachers of his county the question of substituting the training school herein provided for the annual institute. He shall in the letter calling the election include a copy of this act and a ballot upon which shall be printed the words: "Shall the training school be substituted for the annual institute," and the form vote "yes" or "no" by making a cross between the number and answer voted for.

"12 Yes."

"13 No."

Signature.

The teacher shall sign his or her name at the bottom of the ballot and shall mail the same within five days to the county school superintendent. On the 15th day after the election is called the boundary board shall meet and canvass the vote. If the majority of the teachers voting and not less than 40 per cent of the whole number of the teachers in the county shall vote "yes" the training school shall be established and thereafter the annual institute shall not be held.

Also, whenever 10 teachers in the county petition the county school superintendent to call the election provided for in this act, he shall call such election. [Laws 1913, Ch. 178, p. 319, § 3.]

§ 79. *Shall Correct Report.*

The county superintendent shall examine into the correctness of the reports of the district clerk, and when a report is incorrect the county superintendent may correct or cause the clerk to correct said report, and in case the board of directors and district clerk are not satisfied with the county superintendent's ruling relative to the correctness of such report, they may appeal to the district boundary board, which is hereby author-

ized to decide as to the correctness of the report; and the decision of said board shall be final. [L. O. L. § 4005.]

§ 80. *Report to Superintendent of Public Instruction of Mute and Blind Children.*

The county superintendent shall, by the fourth Monday of July of each year, report to the Superintendent of Public Instruction the name, age, and postoffice address of every deaf-mute and blind person in his county between the ages of five and twenty-five years, who are deaf or blind to such an extent as to be unable to acquire an education in the common schools. [L. O. L. § 4006.]

§ 81. *Plat of Counties and Office Supplies to Be Furnished.*

The county court shall provide the county superintendent with a plat of the boundaries of the several school districts of his county. The county court shall also provide the county school superintendent with all necessary blanks, blank books, stationery, telephone, postage, expressage, and other necessary requirements of his office, not otherwise provided for, the expense of which shall be paid out of the general fund of the county. [L. O. L. § 4007.]

§ 82. *Annual Report, Teachers' Monthly Reports.*

The county superintendent shall require and receive monthly reports from the principal or teacher in charge of each school showing the registration, attendance, tardiness, and such other [information] as will aid in efficient school supervision. Such reports shall be made on blanks provided for that purpose by the Superintendent of Public Instruction. He shall receive the reports of all districts in his county, and shall, by the fourth Monday in July of each year, make out from the records in his office a general report, adding such suggestions thereto as he may deem of importance to the cause of education, and transmit the same to the Superintendent of Public Instruction, retaining a copy thereof in his office. [L. O. L. § 4008.]

§ 83. *Teacher Must File Certificate and Contract.*

The county superintendent shall require teachers before beginning to teach in any school district in his county to register in his office, if they have not previously done so, their county certificates or State papers, and file a copy of their contracts, and should any teacher fail so to register his or her certificate or State paper, and file a copy of his or her contract in the office of the county school superintendent before beginning to teach in any district in his

county, said teacher shall forfeit to the said district the full amount of salary for the time taught before said certificate, or State paper, or contract were so filed. The county school superintendent shall notify the clerk of said district of the amount of such forfeiture and shall deduct the amount of said forfeiture for the next apportionment due said school district. The requirements of this section shall be enforced only by the county school superintendent of the county in which the school building in which the teacher is employed shall be situated. [L. O. L. § 4009.]

§ 84. *County Superintendents' Convention.*

The county superintendent shall attend annually the county school superintendents' convention which the Superintendent of Public Instruction is hereby authorized and directed to hold, or cause to be held, annually, at such time and place as the Superintendent of Public Instruction may select. [L. O. L. § 4010.]

§ 85. *Vacancy in Office of County School Superintendent.*

In case of a vacancy in the office of county superintendent, the county court of the county shall appoint some legally qualified person to fill the unexpired term. [L. O. L. § 4011.]

§ 86. *County Superintendent May Hold School Board Conventions.*

The county school superintendent may, at his discretion, hold annually a school board convention or conventions for a term of not less than one day for the discussion of questions pertaining to the improvement of the public school system. [L. O. L. § 4012.]

§ 87. *Delegates and Expenses.*

The chairman of the school board shall be the delegate to the convention. If he is unable to attend he shall appoint a member of his board or the clerk to represent the district. Each delegate attending the convention during the entire session shall be entitled to receive two dollars out of the general fund of the county. But no such expense shall be paid until approved by the county superintendent. [L. O. L. § 4013.]

§ 88. *Compensation for Only One Convention a Year.*

No school district shall be entitled to compensation for representation for attendance at more than one convention held in the county during any one year. [L. O. L. § 4014.]

§ 89. *Records Open for Inspection.*

All officers having the custody of any State, county, school, city, or town records in this State shall furnish proper and reasonable opportunities for the inspection and examination of the records and files in their respective offices, and reasonable facilities for making memoranda or abstracts therefrom, during the usual business hours, to all persons having occasion to make examination of them for any lawful purpose; *provided*, that the custodian of said records and files may make such reasonable rules and regulations as shall be necessary for the protection of said records and files, and to prevent the interference with the regular discharge of the duties of such officer. [L. O. L. 740.]

§ 90. *County Educational Board; How Created; Compensation.*

There is hereby created in every county of the State of Oregon containing more than sixty school districts a county educational board consisting of the county school superintendent who shall be *ex-officio* chairman of the board and four members appointed by the county school superintendent. The county school superintendent of each county having more than sixty school districts shall appoint on or before June 1, 1911, and every four years thereafter, four persons to act as members of the county educational board who shall serve for four years or until their successors have qualified. They shall receive no compensation for any services as members of the county educational board; *provided, however*, that the necessary traveling expenses of each member incurred in the discharge of his duties shall be audited and paid as are other claims against the county; *provided further*, that the annual expenses of each member shall not exceed twenty-five (\$25) dollars. [L. 1911, Ch. 79, p. 119, § 1.]

§ 91. *Qualifications of Members of County Educational Board.*

No person shall act as a member of the county educational board who is not a legal school voter of the county for which he is appointed, and no person shall act as a member of the board who holds any other county office, excepting the county school superintendent. [L. 1911, Ch. 79, p. 119, § 2.]

§ 92. *Organization of Board; Division of County into Supervisory Districts.*

On the first Monday in June, 1911, the county educational board of each county having more than sixty school districts in the State of Oregon shall meet and organize by electing one of their members secretary, and proceed to divide

all the school districts of the county, excepting the districts of the first class, into supervisory districts, but no supervisory district shall contain less than twenty (20) nor more than fifty (50) school districts. On the first Monday in June, in any year thereafter, the county educational board may meet and resubdivide its county into supervisory districts, but no supervisory district shall contain less than twenty (20) nor more than fifty (50) school districts; *provided*, that the county school superintendent shall be counted as supervisor for one supervisory district. [L. 1911, Ch. 79, p. 119, § 3.]

§ 93. *Duties of County Educational Board.*

The duties of the county educational board in regard to the supervisory district shall be as follows:

1. To employ supervisors, other than the county school superintendent, which supervisors shall be employed for not less than ten months each year, at not less than one hundred (\$100) dollars nor more than \$120 per month.

2. To make a contract with the supervisor which contract shall be made in triplicate; one copy to be kept on file in the office of the county school superintendent; one to be given to the supervisor; and one to be filed with the county clerk.

3. To provide the supervisor with necessary books, blanks, stationery and postage.

4. To make such rules and regulations as in their judgment they deem necessary for the government of the supervisors; *provided*, they are in conformity with the rules and regulations of the State Board of Education.

5. To act as an advisory board to the county school superintendent and to aid him in the holding of educational meetings throughout the county. [L. 1911, Ch. 79, p. 120, § 4.]

§ 94. *Salary and Expenses of Supervisors; How Paid.*

The county court shall audit the claims of the supervisors for salary and other expenses incurred in the discharge of their duties, which claims when properly certified to by the chairman of the county educational board shall be paid by the county treasurer out of the general fund of the county in the same manner as the claims of other county officers are allowed and paid. [L. 1911, Ch. 79, p. 120, § 5.]

§ 95. *Duties of Supervisors.*

The duties of supervisors shall be as follows:

1. To work under the direction of the county school superintendent and to attend such meetings as he may call.

2. To devote his entire time to supervising the schools in the supervisory district for which he is employed, whenever any of the schools in his district are in session.

3. To enforce the course of study prescribed by the State Board of Education.

4. To make a written report at the end of each school month to the county school superintendent upon the general conditions of each school in his supervisory district. [L. 1911, Ch. 79, p. 120, § 6.]

§ 96. *Qualifications of Supervisors.*

No person shall be eligible to the office of supervisor who does not hold at the time of his appointment a teacher's certificate valid in the State of Oregon, and shall have taught school within the State of Oregon for at least nine months. [L. 1911, Ch. 79, p. 120, § 7.]

A school supervisor under the provisions of the school laws of 1911, must hold at the time of his appointment, a teacher's certificate, valid in the State of Oregon, and shall have taught school within the State of Oregon for at least nine months. The issuance to him of a temporary certificate, without examination, does not comply with said requirement. Such supervisor is required to devote his entire time to supervising the schools within his district whenever any of such schools are in session. A supervisor may be a director of a school district.—Report of Attorney General, 1913, p. 144.

§ 97. *Official Bond of County Superintendent.*

He shall before he enters upon the discharge of his duties give to the county court an official bond, in such sum as the county court may direct, conditioned that he will faithfully and honestly perform all the duties required of him by this act. [L. O. L. 3964.]

CHAPTER IV.

TEACHERS.

§ 98. *Duties of Teachers Enumerated.*

A teacher's duty, while in charge of a school, shall be as follows:

1. To maintain order in school and conduct himself in such a manner before his school as to command the respect of his pupils.

Commencing and Closing of Day's School.

2. To commence school at 9 o'clock A. M. and to close at 4 o'clock P. M. of each day, giving one hour for recreation at

noon; *provided*, that the directors may order a less number of hours.

A board of directors of a district maintaining a high school, may change the hours of required attendance to eight-twenty a. m. to one p. m., without intermission, instead of nine a. m. to four p. m., being within the discretion of the board.—Report of Attorney General, 1913, p. 256.

Shall Teach Physiology and Hygiene.

3. To labor during school hours to advance the pupils in their studies; to create in their minds a desire for knowledge, principle, morality, politeness, cleanliness, and the preservation of physical health; and it is hereby made the duty of every teacher to give, and of every board of school directors to cause to be given, to all pupils suitable instruction in physiology and hygiene, with special reference to the effects of alcoholic drinks, stimulants and narcotics upon the human system. Such instructions in physiology and hygiene shall be given orally to pupils who are below the fourth grade, and shall be given by the use of text-books to all pupils above the fourth grade, and such instruction shall be given as thoroughly to all pupils as instruction in arithmetic or geography is given. Each teacher of a public school, before leaving the school register with the school clerk, shall certify therein whether instruction has been given in the school or grade presided over by such teacher, as required by this act, and no public money shall be paid over to the treasurer of a district unless the register of such district contains a certificate of the teacher that instruction has been given in physiology and hygiene, with special reference to the effects of alcoholic drinks, stimulants, and narcotics upon the human system, as required by this act.

Must Keep a Register—Last Month's Salary May Be Withdrawn—When.

4. Teachers shall keep a register showing the name, sex, and daily attendance of all persons attending their schools, copies of their programmes, classification of their pupils, the point in the State course of study where each class began and closed, and such other data as the State Board of Education may require, and file the same with the clerk at the close of their terms. The last month's salary shall not be paid a teacher until his register is submitted to the chairman of the board and until said officer finds, by examination, that the register has been properly kept, and enters upon the register a certificate to that effect.

NOTE.—1. The county superintendent shall require and receive monthly reports from the principal or teacher in charge of each school showing the registration, attendance, tardiness, and such other information as will aid in efficient school supervision. Such reports shall be made on blanks provided for that purpose by the Superintendent of Public Instruction. See Section 82.

2. The county superintendent shall require the teacher to file certificate and contract before beginning a term of school. See Section 83.

Temperature and Ventilation.

5. Every public school teacher shall give vigilant attention to the temperature and ventilation of the school room, and shall see that the doors and windows are open at each intermission for the purpose of changing the atmosphere of the room. He shall require his pupils to take proper exercise, and shall encourage healthful play at recess, but he shall strictly prohibit all dangerous and immoral games and amusements.

May Dismiss Younger Pupils, When.

6. The teachers in the public schools of the State may dismiss all pupils under eight years of age after a four hours' session each day, or, where that is not practicable, may allow to pupils of that age recesses of such length that the actual confinement in the school room shall not exceed three hours and a half per day.

Noon Intermission.

7. Authority is hereby granted to school boards to shorten the noon intermission, during the rainy season, to thirty minutes, and to close school at 3:30.

Gymnastics.

8. In all schools two exercises in free gymnastics and suitable voice and breathing exercises shall be given daily.

Pupils Must Comply With Regulations.

9. The pupils of the public schools shall comply with the regulations established in pursuance of law for the government of such schools; shall pursue the course of study and use the series of text-books prescribed by law; and shall submit to the authority of the teachers. Willful disobedience or open defiance of the authority of the teacher, or the use of profanity or obscene language shall constitute good cause for suspension or expulsion from school. Any pupil who shall in any way cut, deface, or otherwise injure any school house, fences, or outbuildings thereof, shall be liable to suspension and punishment, and the parents of such pupils shall be liable for damages to the amount of injury, on complaint of the teacher, the amount to be determined by the board and collected by the said board by an action therefor in any court having jurisdiction, in the name of the district, together with the costs of said action.

Must Leave a Report in Register.

10. Every teacher who shall leave a school before the close of a school year, shall, at time of leaving, make to the county

superintendent a report of the school for all that portion of the school year from the beginning of such school year to the time of such teacher's leaving the school, and shall at the same time give a duplicate of said report, and surrender the school register to the district clerk.

State Certificate and Diploma Must Be Endorsed—Fee.

11. No warrant upon the common school fund shall be drawn in favor of any teacher holding a state certificate or diploma, unless such certificate or diploma shows an endorsement signed by the county superintendent that it has been registered in his office, as required by law; *provided*,* that no such endorsement shall be made until a fee of (\$1.00) shall be paid for the same, and all moneys so received shall be turned over to the county treasurer, who shall place said sum as a part of the county institute fund.

Must Follow State Course of Study.

12. To follow the State course of study prescribed by the State Board of Education.

Copy of Programme to Be Filed.

13. Teachers shall, at the close of each term, file with the clerk and with the county superintendent, copies of their programmes, the classification of their pupils, the point in the State course of study where each class began and closed, and such other data as the State Board of Education may require. [L. O. L. § 4117.]

§ 99. Shall Give Notice of Resignation.

All teachers in the public schools of this State who shall willingly violate the terms of his or her contract for teaching by resigning his or her position as teacher without a written notice given to the school board at least thirty days before the time when the resignation shall take effect, shall have his or her certificate revoked by the authorities issuing same upon due notice from the school board, and shall be disqualified from teaching in the public schools of this State for the remainder of the school year; *provided*, that sickness or other unavoidable circumstances which prevent the teacher from teaching one month shall be sufficient reason for the termination of the contract without the notice herein required on the part of the teacher; *and provided further*, that a school

*The proviso relative to fee for registration is repealed by implication by Laws 1911, c. 58, § 18.

board may release a teacher from a contract by mutual agreement. [L. O. L. § 4118.]

§ 100. *Fire Drills.*

(a) It shall be the duty of the principal or other person in charge of every public or private school or educational institution within the State, having an average daily attendance of 50 or more pupils, to instruct and train the pupils by means of drills, so that they may, in sudden emergency, be able to leave the school building in the shortest possible time and without confusion or panic. Such drills or rapid dismissals shall be held at least once for each month when said schools are in session and all doors of exits shall be kept unlocked during school hours.

(b) Every teacher or instructor in every public, private or parochial school shall devote not less than 30 minutes in each month during which the school is in session, to instruction of pupils between the ages of 6 and 14 years, in fire dangers [drills].

(c) For the purpose of such instruction it shall be the duty of the State Superintendent of Public Instruction to prepare a book conveniently arranged in chapters, or lessons, such chapters or lessons to be in number sufficient to provide a different chapter or lesson for each week of the maximum school year, one of such lessons to be read by the teachers in such schools each week. The book shall be published at the expense of the State under the direction of the State school superintendent and shall be distributed in quantities sufficient to provide a copy for each teacher required by the provisions of this act to give the instruction herein provided for; the distribution to be made by the State school superintendent. [L. 1913, Ch. 177, p. 317, § 1.]

§ 101. *Penalties.*

Failure by any principal or other person in charge of any public or private school, or educational institution, to comply with the provisions of this act, shall be a misdemeanor, punishable, each offense, by fine of not more than \$20 nor less than \$5.00. [L. 1913, Ch. 178, p. 318, § 2.]

CHAPTER V.

DISTRICT SCHOOL BOARDS.

§ 102. *Meeting of School Boards, How Called—Chairman.*

The directors in their official capacity shall be known as the district school board, and shall hold such meetings as are necessary to transact the business of their office.

A meeting of the district school board may be called at any time by a member of the board serving a written notice on the other members and the clerk at least twenty-four hours before such meeting is to be held, such notice to be left at the residence or usual place of business of such other members and clerk, or may be called by the common consent of the members of such board; *provided*, that the action of such board shall not be deemed lawful unless every member shall have been duly notified.

The director who has served the longest time as such under an election shall act as chairman of district school board meetings; in the absence of the chairman the other members of the board in the order of their election may act as chairman, and in the absence of the clerk some member of the board shall act as secretary. A majority of the board shall constitute a quorum to do business. [L. O. L. § 4051.]

The statute recognizes the permanent and separate existence of the office of "chairman of the board." (*Riggs v. Polk County*, 95 Pac. 7.)

The "oldest in office of the directors present" means the director who has served the longest time as such under an election, and not the one who is serving the longest term by appointment to an unexpired term. (*State ex rel. v. McKee*, 20 Or. 124, 25 Pac. 292.)

§ 103. *Duties of School Boards.*

The general duties of the district school boards of the State of Oregon shall be as follows: [L. 1913, Ch. 172, p. 299 § 1.]

§ 104. *Special Meetings.*

To authorize the clerk to call special meetings. [L. 1913, Ch. 172, p. 299, § 1, subd. 1.]

§ 105. *Schools Free, to Whom.*

They shall admit free of charge to the schools of their districts all persons between the ages of 6 and 21 residing therein, and all other persons may be admitted on such terms as the district may direct. [L. 1913, Ch. 172, p. 304, § 1, subd. 18.]

§ 106. *Visit Schools—Refractory Pupils.*

They shall visit and inspect their schools from time to time, and when necessary they may exclude any refractory pupil

therefrom; the exclusion of any pupil from the school shall not extend beyond the current term. [L. 1913, Ch. 172, p. 299, § 1, subd. 2.]

§ 107. *Secret Societies Prohibited.*

Secret societies of every kind and character, including fraternities and sororities, so-called, which may now or hereafter exist among the pupils of any of the public schools of this State, including high schools, either local or county, are hereby declared unlawful. [L. O. L. § 4059.]

§ 108. *Board Must Suppress.*

It is hereby made the duty of each school board within the State to examine, from time to time, into the condition of all schools under its charge, and to suppress all secret societies therein, and for this purpose such boards are hereby authorized to suspend, or expel, from school, in their discretion, all pupils who engage in the organization or maintenance of such societies. [L. O. L. § 4060.]

§ 109. *Act Not to Apply to Colleges.*

This act shall not apply to either the State Agricultural College or the State University. [L. O. L. § 4061.]

§ 110. *Audit Claims.*

To audit all claims against the district, and to authorize the clerk to draw orders for the amount. [L. 1913, Ch. 172, p. 300, § 1, subd. 3.]

§ 111. *Shall Furnish Fuel, etc.*

They shall furnish their schools, from the common school fund, with fuel already prepared for use, chalk, janitor, brooms, blackboards, erasers, stoves, window curtains, reference books, library books and other apparatus for use in their schools; *provided*, that the sum expended for this purpose shall not exceed 15 per cent of the county school fund and the irreducible school fund apportioned to said district. [L. 1913, Ch. 172, p. 300, § 1, subd. 4.]

School district boards are required by the school law to furnish seats and desks for all the pupils in attendance upon the public school of such district and a failure to do so is a misfeasance or nonfeasance in office.—Report of Attorney General, 1909, p. 244.

§ 112. *Selection of School Site and Removal of School House.*

Whenever, in the judgment of the board, it is desirable or necessary to the welfare of the schools in the district, or

to provide for the children therein proper school privileges, or whenever petitioned so to do by one-third of the voters of the district, the district board shall call a meeting, at some convenient time and place fixed by the board, to vote upon the question of the selection, purchase, exchange or sale of a school house site, or the erection, removal or sale of a school house. Said election shall be conducted and votes canvassed in the same manner as at the annual election of school officers. Three notices of the time, place and purpose of such meeting shall be posted in three public places in the district by the clerk at least 10 days prior to such meeting. If a majority of the voters present at such meeting shall by vote select a school house site, or shall be in favor of the purchase, exchange or sale of the school house, as the case may be, the board shall locate, purchase, exchange or sell such site, or erect, remove or sell such school house, as the case may be, in accordance with such vote; *provided*, that it shall require a vote of two-thirds of the voters present and voting at such meeting to order the removal of the school house, and such school house so removed cannot again be removed within three years from the date of such meeting. [L. 1913, Ch. 172, p. 303, § 1, subd. 14.]

The legal voters of a school district at a meeting regularly called for the purpose, may select a school site by a majority vote, if the district has no school site prior to such vote, but after a site has once been selected, it can only be changed, or a new site selected by a two-thirds majority. The selection of a site from that already in use, amounts to a removal of the school house. Where the chairman of the meeting refused to allow the electors desiring to retain the old school site, to vote for its retention, and only received a vote of those desiring to select a new site, which vote was less than two-thirds of those present and offering to vote, the vote for the new site cannot be considered as a two-thirds majority of those present and voting, and therefore does not change the site.—Report of Attorney General, 1913, p. 340.

See note to Section 273, *post*.

§ 113. *Shall Buy or Sell Property—Tax.*

If authorized by a majority vote of the legal voters present at any legally called school meeting they shall purchase, lease or build school houses, buy or lease land for school purposes, furnish school houses with furniture, lights, and apparatus, and for such purpose may, when so authorized, levy not oftener than once a year, a tax not exceeding five per cent of the value of the taxable property of the district, or issue or sell negotiable bonds as hereinafter in this act provided. They may also sell, lease or otherwise dispose of any property belonging to the district, when authorized to do so by majority vote at any legally called school meeting; *provided*, that the call for such meeting shall have stated that such sale, lease, or disposition would be one of the objects of such meeting. [L. 1913, Ch. 172, p. 300, § 1, subd. 5.]

School house sites must be selected upon vote of the legal electors of the district, and the board of directors in calling the meeting, may submit the

question as to the approval or rejection of certain sites.—Report of Attorney General, 1913, p. 89.

A school house cannot lawfully be built upon property which has been dedicated for a public park, inasmuch as such dedication is for a purpose other than school purposes, and the taking of the same for school purposes would be a diversion of the property from the purpose for which it was dedicated.—Report of Attorney General, 1913, p. 121.

A school house having been built on vacant government land, can be removed by a school district to other land after the land upon which it was built has been settled upon by a homesteader, for the reason that the school house was placed there without the intention that it should become a part of the realty, and remains the property of the district.—Report of Attorney General, 1913, p. 158.

§ 114. *May Contract Debt, When.*

When authorized by a majority vote of the legal voters present at any legally called school meeting, they may, in the name and on behalf of their district, contract a debt by borrowing money, or otherwise, not to exceed five per centum of the value of the taxable property of the district, for the purpose of building a school building or repair of school buildings, or for the purchase of land for school purposes, and issue negotiable interest-bearing warrants (and fix the time of payment of the same) of their district, evidencing such debt; and they may from time to time, not oftener than once a year, levy a tax on the taxable property of the district to pay the interest thereon, or principal when due, which taxes shall be collected in the same manner as other school taxes are or may be collectible by law; *provided*, that whenever a school district in this State shall make a loan, borrow money, or refund any existing debt created by a vote of the electors or by the directors in pursuance of any statute, the *bona fide* resident citizens of such district shall have the right to subscribe for such loan, and it shall be the duty of the board of directors to order an advertisement to be published, setting forth the amount of such loan, the number of years the same shall run, and the rate of interest, in a newspaper published in the district, or by posting notices in three public places, and each *bona fide* resident of such district shall have the right to subscribe once for said loan for the entire amount or any portion of the same not less than \$50 at par value, and in placing the loan the directors shall issue the same, whether it be notes, warrants, or bonds of the school district, to the smallest subscriber or subscribers first, one note, warrant, or bond to each such subscriber, upon payment of the amount subscribed in lawful money of the United States, until the entire loan has been placed; and it is *further provided*, that in case each *bona fide* resident of the district has had opportunity to subscribe for such loan and the same has not all been taken and issued to such subscribers, or in case the subscribers do not call for the same within three days after the time fixed for delivery of

the said notes, warrants or bonds of the district, the directors may permit such subscribers to make further subscriptions, in the same manner as heretofore provided in this section, until all the loan has been taken. [L. 1913, Ch. 172, p. 300, § 1, subd. 6.]

School districts may fix the rate of interest which their bonds or warrants shall bear, and they are more or less than 6 per cent. But if not so fixed, the rate of interest is 6 per cent.—Report of Attorney General, 1913, p. 130.

School bonds may be issued for repair and improvement of school buildings and grounds, but not for the purpose of paying an outstanding indebtedness not incurred for the purchase of school grounds, and the building, purchase, etc., of school houses and furnishing the same.—Report of Attorney General, 1913, p. 392.

A school district board which has not been authorized by the electors of the district to incur an indebtedness, cannot issue warrants of a district for building a school house, or other purpose aside from the current expenses of the district, upon the levy of a tax by the electors of the district in August, which is to be expended and paid upon the tax roll the following year, as that would amount to the creation of an indebtedness not authorized by the voters of the district. While they may issue warrants payable for taxes which are levied and in course of collection, without being considered as incurring an indebtedness taxes which are not yet extended on the tax roll, and which the voters of the district may re-consider at any time, would not be considered as levied and in course of collection.—Report of Attorney General, 1913, p. 403.

When a school district has reached the limit of voluntary indebtedness of 5 per cent of the taxable property of the district, it cannot incur an additional indebtedness by issuing warrants to be paid out of taxes thereafter to be raised, but if such warrants are to be paid out of funds on hand, or from taxes already levied and in process of collection, they are valid and not in excess of the limitation.—Report of Attorney General, 1913, p. 218.

A school district is not authorized to create a bonded indebtedness in excess of five per cent of its taxable property.—Report of Attorney General, 1911, p. 61.

It is not necessary to the validity of an obligation of a school district that it appear by the records of the clerk that the indebtedness does not exceed the legal limit, that matter being determinable from the assessment. (*Amort v. School District*, 48 Or. 522, 87 Pac. 761.)

The board of directors of a school district may advertise for subscriptions for the indebtedness of the district in such amounts as it may deem advisable. (*Amort v. School District*, 48 Or. 522, 87 Pac. 761.)

A vote of the electors of a district authorizing the directors to contract a greater debt than they can lawfully do is sufficient authority to incur a debt to the lawful limit. (*Vaughn v. School District* 27, 27 Or. 63, 39 Pac. 393.)

§ 115. *Directors Shall Not Have Pecuniary Interest.*

It shall be illegal for any director, either directly or indirectly, to have any pecuniary interest in the erection of school houses, or for the warming, ventilating, furnishing or repairing the same, or to receive or accept any compensation for his services rendered as a member of the board. [L. 1913, Ch. 172, p. 304, § 1, subd. 19.]

Under this section, concerning purchases of supplies for school districts by school directors, no sale of anything in which a director may have a pecuniary interest should be countenanced; and, therefore, in a libel action for charging a school director with a violation of his duty by selling to his district articles used in daily routine, though not properly for use "in the erection, or for the warming, ventilating, furnishing, or repairing" of school houses, defendant should be permitted to show in mitigation of damages any purchases in which plaintiff was pecuniarily interested made by the school board while he was a director: (*Woolley v. Plaindealer Pub. Co.*, 47 Or. 619, 84 Pac. 473.)

A member of the board of directors of a school district, cannot be interested in any contract for the erection or repairing of a school house, even though he is the most capable person that can be secured to perform certain work connected therewith.—Report of Attorney General, 1913, p. 310.

§ 116. *Demands Must Be Approved—Contracts Examined.*

All demands, whether by contract or otherwise, must be approved by the district school board, when in session, before an order can be drawn on the district clerk for them, and no officer can draw an order on the treasurer unless he is authorized to do so by a vote of the board at a regular or special meeting. It shall be the duty of the board to examine all contracts for the employment of teachers and the construction of school houses, or for any other purpose, and to see that stipulations have been complied with, before they authorize the payment of money thereon. [L. 1913, Ch. 172, p. 304, § 1, subd. 20.]

§ 117. *School Warrants, When Issued—Interest.*

School warrants shall not be issued without a vote of the district school board, and they must be drawn and signed by the chairman of the board and countersigned by the district clerk; *provided*, that if there should not be any money in the treasury they shall be marked "not paid for want of funds", and said orders shall draw interest at the legal rate from the date of indorsement until paid. [L. 1913, Ch. 172, p. 303, § 1, subd. 16.]

The chairman and clerk of a school district board cannot issue warrants for the payment of teachers' salaries and incidental expenses without an order of the board to that effect, made at a regularly held meeting of said board. Such orders or warrants may be actually written by any one, but must be signed by the chairman and attested by the clerk.

The clerk and his bondsmen are financially responsible for orders or warrants which he pays, and which he knows have not been lawfully issued.—Report of Attorney General, 1913, p. 276.

§ 118. *Chairman and Clerk May Draw Warrants. When—Report Must Be Examined—Teachers Must Hold Legal Certificates.*

The board may authorize the chairman and clerk to draw warrants for the payment of teachers' salary at the end of each school month, upon proper evidence that the service has been performed, but the order for wages for the last month of the term shall not be drawn until the teacher's report shall have been received, examined, accepted and filed in the office of the district clerk; *provided*, that all teachers must hold legal certificates and that said certificates must cover the entire time of the teacher's service, and must specify all the branches taught, and such certificate can neither directly or indirectly be made to legalize another teacher's services. [L. 1913, Ch. 172, p. 304, § 1, subd. 21.]

A teacher whose contract for teaching expires on January 1st, which is the limitation of his certificate held at the time of making his contract, and he has taken the examination held in December, is qualified to enter into a further contract at any time after such examination, and even before the issuance of his new certificate, which contract however will be avoided upon notice that he

has failed at such examination. A promise by the board of directors to sign the new contract is sufficient if it is the action of the board taken while in regular session, but if it is only the promise of the individual members when not in session, a meeting of the board will have to be held for such purpose before the contract can be legally executed by the board.—Report of Attorney General, 1913, p. 252.

§ 119. *Duty Must Be Performed at a Regular Meeting—Contract Void, When.*

Any duty imposed upon the board as a body must be performed at a regular or special meeting, and must be made a matter of record. The consent to any particular measure obtained of individual members when not in session is not an act of the board, and is not binding upon the district. If a contract is made without authority of the board, the individual making such contract shall be personally liable. [L. 1913, Ch. 172, p. 304, § 1, subd. 17.]

§ 120. *Shall Hire Teachers and Make Contracts. Relative May Be Hired—When.*

The board at a general or special meeting called for that purpose, shall hire teachers, and shall make contracts with such teachers which shall specify the wages, number of months to be taught, and time employment is to begin, as agreed upon by the parties, and shall file such contracts in the office of the district clerk. No contract shall be made with any teacher who is related by blood or marriage within the third degree to any member of the school board without the concurrence of all the members of the board, by a vote duly entered on the clerk's records of proceedings. Unless otherwise provided in the teacher's contract, it shall be understood that the branches provided for in the State course for the first eight grades shall be taught excepting school law and theory and practice of teaching. [L. 1913, Ch. 172, p. 301, § 1, subd. 7.]

A contract for the employment of a teacher for a specific term, executed at a meeting of school directors irregularly called, at which the directors were not all present, is ratified so as to be binding upon the school district by the payment of the salary for part of the term with the approval and acquiescence of the board. (Graham v. School District, 33 Or. 266, 54 Pac. 185.)

A teacher having been employed by a school district board to teach certain grades, and being re-elected for the ensuing year without any specific statement in the contract as to the grades she is elected to teach, may be assigned to any grades by the board, and her re-election shall not be construed as a contract to teach those grades formerly taught.—Report of Attorney General, 1913, p. 413.

A school district board may enter into a contract with a teacher for a period of three years, even though such period extends beyond the term of a majority of the board of directors, if such contract is made in good faith, without fraud or collusion, and such a contract having been entered into and two years of the service having been performed by the teacher, can be rescinded by the board only for cause, as to the remainder of the term, which cause shall be supported upon the record by the district court, and due notice given to the teacher to be so dismissed.—Report of Attorney General, 1913, p. 328.

§ 121. *Teacher Must Hold Certificate.*

If any district school board shall draw a warrant on the school fund for the wages of any teacher who does not hold a

valid teachers' permit, certificate, or diploma, and lay the same before the board of [directors for] inspection, such district shall forfeit its proportion of the school fund for the current year. [L. 1913, Ch. 172, p. 301, § 1, subd. 8.]

If a school district employs a teacher and he does not hold a certificate, and pays for his services, such school district is liable to forfeit its proportion of the public school fund for the ensuing year.—Report of Attorney General, 1913, p. 418.

§ 122. *Boards to Control School, Except Course of Study.*

Boards shall have entire control of the public schools of their district and the teachers employed therein, except that in districts of the second and third class the boards of such districts shall adopt the course of study prescribed by the State Board of Education; and any such district using any other course of study than that prescribed by the State Board of Education shall forfeit 25 per cent of the county school fund for that or the subsequent year. The board may establish such rules and regulations for the government of teachers and pupils as are consistent with those of the State Board of Education, as the interests of the school require. It shall be the duty of the teacher, under the direction of the board, to determine what branches shall be pursued by each pupil, consistent with the course prescribed by law. [L. 1913, Ch. 172, p. 302, § 1, subd. 9.]

School district boards have authority to exercise entire control of the public schools of their districts, and of the teachers employed therein, and to make rules and regulations for the government of teachers and pupils, consistent with the State Board of Education, and as the interests of the school require. Under this authority, they may exercise a restrictive control over student enterprises, but cannot make them compulsory in this respect. Such control is different from that exercised over fraternities and secret societies, which are prohibited by statute.—Report of Attorney General, 1913, p. 350.

The bible may be read in the public schools of Oregon without conflicting with any law or the constitution or any regulation of the Board of Education.—Report of Attorney General, 1913, p. 185.

§ 123. *Pupils Must Be Provided With Books.*

The district board shall require, as a condition of membership in any school, that pupils shall be provided by their parents or guardians with such books as may be prescribed by law. [L. 1913, Ch. 172, p. 303, § 1, subd. 15.]

§ 124. *May Loan Text-Books.*

When directed by a vote of a district, the district board shall loan text-books to indigent pupils; and, when not directed by a vote of the district so to do, may loan said books to the indigent pupils upon the written report of the clerk that the parent or guardian of such children are unable to purchase such books. [L. 1913, Ch. 172, p. 302, § 1, subd. 10.]

§ 125. *May Admit Pupils From Other Districts.*

The district school board may, at its discretion, contract with the district school board of any other district for the admission of pupils in any school in such other district, on such terms as may be agreed upon by such boards, which contract shall be in writing upon blanks furnished by the Superintendent of Public Instruction; the expense so incurred shall be paid out of the school funds of the district sending such pupils. Should the first mentioned district fail to pay the expense so incurred according to the terms of the contract, the county superintendent of the county containing the first mentioned district shall, at the time he makes his next regular apportionment, after satisfactory proof of such failure, deduct the amount of the unpaid expense from the amount due the first mentioned district by said apportionment. When the county superintendent has made the deduction provided for in this section, he shall draw a warrant on the county treasurer in favor of the second mentioned district for the amount of the deduction, and the treasurer shall pay said warrant out of the common school fund of his county. The county superintendent's jurisdiction, as herein provided for, shall, in case the first mentioned district be a joint district, be exercised by the county superintendent of the county in which the greater part of such district may be situated, as shown by the number of persons in said district between the ages of 4 and 20, according to the school clerk's last annual report. The county superintendent's action in the matter shall be final. [L. 1913, Ch. 172, p. 302, § 1, subd. 11.]

§ 126. *Dismissal of Teachers.*

The board shall dismiss teachers only for good cause shown, and in case the board shall pass an order to dismiss, the material reason therefor shall be spread upon the record by the district clerk. [L. 1913, Ch. 172, p. 304, § 1, subd. 22.]

§ 127. *Appeal.*

If a teacher is unjustly dismissed, he may take an appeal from the action of the board in dismissing him to the county superintendent and thence to the Superintendent of Public Instruction, but for a breach of contract of teaching the teacher or the district shall have their ordinary legal remedies. In the trial of a teacher, when it is sought to dismiss him, as above provided, the board, the county superintendent, or the State Superintendent, as the case may be, shall give the teacher due and legal notice of the charges against him and an opportunity to be heard in his own defense in person or by attorney. [L. 1913, Ch. 172, p. 305, § 1, subd. 23.]

§ 128. *Persons Affected With Contagious Diseases.*

Any board of directors may, on account of the prevalence of any contagious disease or to prevent the spread of such contagious disease, prohibit the attendance of any teacher or scholar upon any school under their control, and may specify the time during which such teacher or scholar shall remain away from such school, and may prohibit the attendance of any unvaccinated child, who has not had the smallpox, upon the schools under their control, and shall also have power to decide how far revaccination shall be required if a case or cases of smallpox have occurred in the city or district. [L. 1913, Ch. 172, p. 302, § 1, subd.12.]

Children afflicted with communicable diseases may be excluded from the public schools.

School district boards may also establish separate schools for the education of white and Indian children respectively, if equal facilities are thereby provided the children of each race.—Report of Attorney General, 1913, p. 346.

Where under a contract between the directors of a school district, there was a clause to teach a definite period unless the school was discontinued by order of the directors, and the directors in consequence of the prevalence of diphtheria stopped the schools, but re-opened them when the danger had passed, and before the expiration of such contract, it was held that the discontinuance of the school was for good cause and authorized under the contract, that such discontinuance did not operate to annul such contract and discharge the teacher; that it did relieve the district from liability during such period but not from liability for the unexpired portion of such contract after the schools were re-opened. (*Good-year v. School District*, 17 Or. 517, 21 Pac. 664.)

A school board of directors has the right to close the school, if in the judgment of the board it is necessary to do so for the public health and safety, or the health or safety of the pupils. The teacher, however, is entitled to his pay during the time that the school is so closed, unless there is in the contract a special clause to the contrary.—Report of Attorney General, 1907, p. 217.

No rule of compulsory vaccination can be enforced where it is not shown that an epidemic or danger of smallpox or other contagious disease exists.—Report of Attorney General, 1911, p. 23.

§ 129. *Board May Prohibit Attendance of Vermin-Infected Pupil.*

Any board of directors may prohibit the attendance of any vermin-infected or unsanitary pupil upon the schools under their control, and said board of directors may require the city or county health officer to make an examination of any pupil who may be suspected of having any vermin, or of being in an unsanitary condition of the body or clothing, and may require the parents or guardian of such pupil to put such pupil in a sanitary condition before returning to school. [L. 1911, Ch. 82, p. 123, § 1]

§ 130. *Toilets Must Be Provided—Penalty.*

It shall be the duty of all boards of directors in this State to provide suitable and convenient water-closets, or toilets, for each of the schools under their charge, at least two in number, which shall be entirely separate each from the other, and having separate means of access. It shall be the

duty of the school officers aforesaid to keep the same in a clean, chaste, and wholesome condition, and to clear the school ground of brush and other obstructions to a good view of the premises; and a failure to comply with the provisions of this subdivision on the part of the board of directors shall be sufficient grounds for removal from office and for withholding from any district any part of the county school fund of the county. The expense incurred by the officers aforesaid in carrying out the requirements of this subdivision shall be a charge upon the district, and a tax may be levied therefor without a vote of the district. [L. 1913, Ch. 172, p. 303, § 1, subd. 13.]

§ 131. *Directors Shall Prosecute, When.*

It shall be the duty of the board of directors to prosecute any person who shall wilfully write, make marks or draw obscene pictures on the walls or any other parts of any school house or outbuilding, or furniture thereof, or for defacing or damaging any school building; and any person thus defacing or injuring public school property shall be punished by a fine not less than \$5.00 nor more than \$20, and justices' courts shall have jurisdiction of this offense; which fine shall be paid by the justice within 30 days to the county treasurer, taking his receipt therefor. All moneys received by the county treasurer in this manner shall be credited to the county school fund. [L. 1913, Ch. 172, p. 305, § 1, subd. 24.]

A county court not being invested with criminal jurisdiction, cannot fine a boy fifteen years of age for destroying school property. Such fine if imposed at all, is imposed by a justice of the peace, but all juvenile offenders against the criminal laws must be transported to the juvenile court, under Section 11, Chapter 34, Laws of 1907, or brought before the juvenile court directly on being arrested. The juvenile court thereafter has jurisdiction of the offense, but must proceed according to the provisions of the juvenile law.—Report of Attorney General, 1913, p. 105.

§ 132. *School House May Be Used, When.*

A district school board may at its discretion permit a school house, when not occupied for school purposes, to be used under careful restrictions for any proper purpose, giving equal rights and privileges to all religious denominations or political parties, but for any such use or privilege it shall not be at the cost for fuel or otherwise to the district. No dancing shall be permitted in any school room. Nor shall any furniture which is fastened to the floor be removed, and whoever removes any school furniture for any other purpose than repairing the same or repairing the school room, shall be guilty of a misdemeanor, and shall be fined not less than \$5.00 nor more than \$10 for each offense. All fines imposed and

collected under the provisions of this subdivision shall be paid into the general school fund of the State; *provided*, that the power delegated to the board by this act may be denied a district school board by a majority of the legal voters present and voting at the annual meeting, or at a special meeting called for that purpose. [L. 1913, Ch. 172, p. 306, § 1, subd. 27.]

A school house built by the State on government land, instead of land donated as a school site, which school house is built at the expense of the school district, is a school house within the meaning of the school laws, notwithstanding the error as to its location, and the statute forbidding dancing in school houses, and the removal of furniture, applies to such school house, notwithstanding the error in its location.—Report of Attorney General, 1913, p. 81.

§ 133. *Uniform Series of State Blanks.*

The board shall cause to be used in each district a uniform series of State blanks, registers, etc., whenever the same shall be supplied by the State. [L. 1913, Ch. 172, p. 306, § 1, subd. 28.]

§ 134. *Shall Require Bond of Clerk.*

To require and take from the clerk a bond, with one or more sufficient sureties, the amount thereof to be sufficient to secure the school money that may come into his hands, conditioned for the faithful performance of his duties, which bond shall be filed with the county superintendent; *provided*, that no director shall be a surety on said bond. [L. 1913, Ch. 172, p. 306, § 1, subd. 29.]

School district boards of directors fix the amount of the district clerk's bond, subject to the approval of the county school superintendent.—Report of Attorney General, 1909, p. 32.

§ 135. *Kindergartens.*

The district school board of any school district in the State of the first and second class may, when authorized thereto by the qualified electors of such district, provide for the establishment and maintenance therein, as part of the common school system thereof, of schools commonly known as kindergartens, and such schools shall be free to children over four years of age. [L. 1913, Ch. 172, p. 305, § 1, subd. 25.]

§ 136. *Shall Issue Bonds—When.*

The school districts of this State shall have power to contract a bonded indebtedness for the purpose of providing funds with which to erect and furnish a school building or buildings or to purchase a site or sites therefor or to fund or refund outstanding indebtedness or for any, all or either of these purposes, and to provide for the payment of the same as hereinafter set forth. [L. 1913, Ch. 172, p. 306, § 2.]

§ 137. *Election for Contracting Bonded Debt.*

For the purpose of providing funds with which to erect and furnish a school building or buildings or to purchase a site or sites therefor or for any, all or either of these purposes, the district school board of any school district may, whenever a majority thereof so decide, or shall upon the petition of ten legal voters thereof in substantially the following form:

See Sections 148-153 as to duty of school officers to offer bonds to State Land Board.

§ 138. *Bonds, Issuance of.*

If a majority of the ballots cast are "Bonds—Yes," the district school board shall, without a further vote of the legal voters and as soon as practical, issue the negotiable coupon bonds of the district, not exceeding in par value the amount stated in the notice of election and for the purpose therein named, bearing not to exceed legal interest per annum, payable semi-annually, redeemable at the pleasure of the district but due and payable absolutely 20 years from date; but the aggregate amount of such bonded indebtedness shall in no case exceed five per centum of the total valuation of all the taxable property of such school district; the principal of and the interest on such bonds shall be payable in lawful money of the United States of America at the office of the treasury of the county in which the district is situated or at the fiscal agency of the State of Oregon, in the city and state of New York, U. S. A., at the option of the purchaser thereof; all such bonds shall be sold by the district school board for the best price obtainable, but in no event for less than par and must recite that they are issued under the provisions of this act; all such bonds shall be signed by the chairman of the district school board, attested by the district clerk, and registered by the county treasurer; and the interest coupons thereto

annexed shall be signed by said chairman and clerk, by their original or engraved facsimile signatures. [L. 1913, Ch. 172, p. 308, § 2, subd. 2.]

§ 139. *Bonds, Registration and Sale of.*

The county treasurer shall register each bond in a book kept for that purpose in his office, noting the school district, amount, date, time and place of payment, rate of interest and such other facts as may be deemed proper, and cause said bonds to be delivered promptly to the purchasers thereof upon payment therefor, and he shall hold the proceeds of the sale of said bonds subject to the order of the district board to be used solely for the purpose for which said bonds were issued; and when said bonds shall have been so executed, registered and delivered, their legality shall not be open to contest by such school district or by any person or corporation for or on its behalf for any reason whatever. [L. 1913, Ch. 172, p. 308, § 2, subd. 3.]

§ 140. *Bonds, Tax Levy for Payment of.*

The district school board shall ascertain and levy annually, in addition to all other taxes, a direct annual advalorem tax on all the taxable property in such school district, sufficient to pay the interest accruing on said bonds promptly when and as the same becomes due; and in the calendar year next preceding the date fixed by said board after which said bonds are redeemable and annually thereafter, until the full payment of said bonds, said board shall, in addition to the interest tax hereinabove provided for and for all other taxes, levy on said property, a direct annual advalorem tax sufficient to raise a per centum of the principal of said bonds as will, in equal annual installments, be sufficient to retire all of said bonds by the time they mature; and the funds derived from such tax levies shall by the county treasurer be kept in a separate fund to be known as and designated "School district No. bond interest and sinking fund", which shall be irrevocably pledged to and used solely for the payment of the interest accruing on and the principal of the said bonds when due, so long as any of said bonds or the coupons thereto appertaining remain outstanding and unpaid; and for greater certainty said board shall in each year include the tax required by this act to be levied for such year in the annual estimate for such school district for such year and said tax shall in each year be certified, extended upon the tax rolls and collected by the same officers, in the same manner, and at the same time as the taxes for general county

purposes for such county in such year are certified, extended and collected. [L. 1913, Ch. 172, p. 309, § 2, subd. 4.]

§ 141. *Levy by County on Failure of District.*

If the district school board shall fail or refuse to levy the tax necessary for such interest or sinking fund, it shall be the duty of the county treasurer to ascertain and certify the amount necessary to the county court and county board of commissioners; and it shall then be their duty to levy a tax sufficient to raise the sum so required and ascertained by the county treasurer; and the proper county officer having power to extend county taxes shall extend the same upon the tax roll of said county upon the taxable property of such school district; and the proper county officer whose duty it is to collect taxes shall collect the same according to law; and the said collecting officer shall pay said funds so collected into the county treasury to the credit of the bond interest and sinking fund of such school district to be used in the payment of said bonds and interest. [L. 1913, Ch. 172, p. 309, § 2, subd. 5.]

§ 142. *County Treasurer to Make Payments.*

The county treasurer must cause to be paid out of any money in his hands belonging to such school district the interest on or principal of, as the case may be, any bond issued under this section promptly when and as the same becomes due at the place of payment designated in such coupons or bonds, and all coupons or bonds so paid must be immediately reported to the district school board. It shall be unlawful for the county treasurer, or any board of school directors, to pay to the purchaser of any bond issued under this section, or to any agency representing such purchaser, any commission whatsoever for the collection of the interest on or principal of, as the case may be, any bond issued under this section, and the county treasurer shall not be required to remit to the purchaser of any bonds or coupons the amount necessary to redeem such bonds or coupons until the day such bonds or coupons are due. [L. 1913, Ch. 172, p. 309, § 2, subd. 6.]

§ 143. *Payment and Cancellation of Bonds—Interest.*

Whenever the amount of any sinking fund created under the provisions of this section shall be equal the amount, principal and interest, of any bond then due or subject under the pleasure of option of the school district to be paid or redeemed, it shall be the duty of the county treasurer of the county in which such school district is located to notify the

holder of such bond and to publish a notice in the newspaper published nearest to the district; that the said county treasurer will, within thirty days from the date of said notice, redeem and pay any such bond then redeemable and payable, giving priority according to the date of issue numerically, and upon presentation of any such bond at the place of payment specified therein, the said treasurer shall cause the same to be paid. In case any holder of such bond fails to present the same at the time mentioned in said notice then the interest thereon shall cease, and said treasurer shall thereafter pay only the amount of such bond and the interest accrued thereon up to the last day of the time of redemption mentioned in said notice. When any bonds are so redeemed or paid, the county treasurer shall cause the same to be cancelled and write across the face thereof "redeemed" and the date of redemption, and shall deliver the same to the district school board of such school district, taking their receipt therefor. Each county treasurer of the State, and the sureties on his official bond as such, shall be liable to any school district in his county for any funds placed in the hands of such treasurer, under the provisions of this act. [L. 1913, Ch. 172, p. 310, § 2, subd. 7.]

§ 144. *Board Shall Decide How Bonds Are to Be Sold.*

Before any election is held in any school district to authorize the contraction of a bonded indebtedness, or any bonds are issued under the provisions of Section 145 of this section hereinafter set out, the district school board shall decide whether the bonds shall be issued according to the provisions of Section 114, or the provisions of Sections 137 to 143, and the same shall be issued under the provisions of the subdivisions so selected by the board. [L. 1913, Ch. 172, p. 310, § 2, subd. 8.]

§ 145. *Issue and Exchange of Bonds.*

Whenever any school district shall have any outstanding warrant or bonded indebtedness incurred in building any school house or school houses or in the furnishing of the same or for the purchase of any school house site or sites or in refunding or funding indebtedness, which indebtedness is due or subject under the pleasure or option of the school district to be paid or redeemed, it shall be lawful for said school district, by and through its district school board, to issue and exchange, for any such indebtedness, its bonds bearing not to exceed legal interest per annum; and said bonds shall in all respects conform to and be governed as to their issue by the provisions of Sections 137, 138, 139, 140, 141, 142,

143, 144 and 145, except that the funding or refunding of said indebtedness and the issuing of bonds for such purpose shall not require an election, but may be done by resolution of the district school board at any legally called meeting thereof; and the validity of any bonds issued under the provisions of this section or of the indebtedness thereby funded or refunded shall not thereafter be open to contest by said school district or by any person or corporation for or on its behalf for any reason whatever. [L. 1913, Ch. 172, p. 306, § 2, subd. 9.]

In a suit to enjoin the issue of bonds to build a district school building, on the ground that the meeting of the district board authorizing the issue of the bonds was not legally convened, even if plaintiff had knowledge of the meeting and participated therein, and was thereby estopped to question the validity of the proceedings in equity, such facts would be a matter of defense by way of estoppel. (*Riggs v. Polk County*, 90 Pac. 5.)

§ 146. *Blanks, How Secured.*

The blank bonds and other blanks required by this act shall be printed by the State Printer, according to forms approved by the Attorney General, and furnished to the various school districts by the Superintendent of Public Instruction. [L. 1913, Ch. 172, p. 311, § 3.]

§ 147. *Former Bond Issues Not Affected.*

Sections 4052, 4053, and 4054, Lord's Oregon Laws, are hereby repealed; *provided*, that the repeal of said acts and parts of acts shall in no wise affect any bonds issued or in course of issue thereunder, and any and all proceedings heretofore had or which are now being had or carried forward under the acts hereby amended or repealed, or any, all or either of them, may be carried forward, completed or consummated under this act, and bonds contemplated by such procedure may be issued in the form and with the terms and according to the provisions of this act. [L. 1913, Ch. 172, p. 311, § 4.]

§ 148. *Notice to State Land Board of School Bond Sales and Their Action Thereon.*

At the time of offering for sale any bonds issued by any school district in Oregon, notice of such issue and the amount thereof shall be given to the State Land Board by the school district officers in charge of such issue, and the State Land Board shall have the preferential right to purchase and pay for all or any number of said bonds out of the irreducible school fund, University fund, or Agricultural College fund, or other funds in its hands or under its control, at their par value, *provided* said bonds cannot be sold by such school district for

more than their par value. After receiving such notice the said State Land Board shall determine whether or not to purchase such bonds, or any number of them, and said State Land Board shall immediately thereafter give notice to the proper school district officers of its decision, which decision shall be binding upon the officers charged with the issuance and execution of such bonds. If the State Land Board determine not to make such purchase, or to purchase only a part of such issue, then the officials in charge of the execution of such bonds shall proceed to advertise and sell such bonds as the State Land Board elects not to take, in the manner now provided by law. [L. O. L. § 3919.]

§ 149. *Proof of Legality of Issue to Be Submitted With Notice.*

There shall be presented to said State Land Board, at the time of the giving of the notice of such issue of bonds, full and complete proof of the proceedings and actions taken in reference to the issue of said bonds, with the opinion of the district attorney, or local attorney for the State Land Board, showing the regularity and the legality thereof together with a certificate showing the amount of the taxable property and the amount of indebtedness against such school district, and any other information required by the State Land Board. [L. O. L. § 3920.]

§ 150. *Terms and Conditions of Purchase of Bonds by Board.*

Any purchase by said State Land Board may be made payable in any number of years, not less than one, and due in any number of years, not to exceed twenty, and any such bonds purchased by said State Land Board may be written or printed, with or without coupons, and the denomination may be in any amount, not exceeding \$10,000, as may be agreed upon by the parties, and the interest shall not be less than five per cent per annum. [L. O. L. § 3921.]

§ 151. *Bonds to Be Paid Out of Proper Fund.*

When any such bond or bonds, are duly executed and delivered to the State Land Board, the State Land Board shall cause the same to be paid for, specifying the fund out of which the same is payable in favor of the school district issuing such bonds, and the body receiving the same shall place the same to the credit of the fund for which the same was borrowed. [L. O. L. § 3922.]

§ 152. *Bonds So Purchased Subject to Sale — Proceedings Thereon.*

All bonds purchased under the provisions of this act shall be subject to the sale and disposition at any time under the

order and direction of said board, when the said board shall deem it advisable to make such sale and disposition thereof; and the proceeds of such sale shall be divided and paid into the fund from which the investment was made, the principal to the permanent fund and the interest and other profits to the interest fund, and the principal may be reinvested in such bonds as may be deemed prudent by said land board. Every sale or disposition of bonds authorized in this section shall be reported, with the reasons therefor, to the legislature, in the biennial report of the State Land Board. [L. O. L. § 3923.]

§ 153. *Penalty.*

It shall be mandatory upon all officers in charge of school districts for bond sales to first offer the proposed issue of bonds to the State Land Board for the investment of the irreducible school, university, or agricultural college, or other fund in their charge, and any willful failure to comply herewith shall be deemed a misdemeanor, punishable by a fine of not less than \$10 nor more than \$100, and the district attorney of the judicial district for the proper county must prosecute such offending officers upon the request of the State Land Board. [L. O. L. § 3924.]

§ 154. *Transportation of Pupils.*

A district school board of any legally organized district shall, when authorized by a majority vote of the legal voters present at any legally called school meeting, furnish transportation to and from school to all pupils living more than two miles from the school building; and may at their discretion, provide for the transportation of any and all pupils residing nearer than two miles from the central building; said distance, in either case, to be measured from the inclosure immediately surrounding their residence to the school house property along the nearest traveled road; *provided*, that the district school board may, at its discretion, pay the board of any pupil or pupils at any suitable place near any established school, instead of providing conveyance for said pupil or pupils, when, in their judgment, it may be done at an equal or less expense than by conveyance. District school boards of such districts are hereby authorized to pay for the transportation or board of pupils, as provided for in this section, out of the common school fund of their respective districts; and shall, when authorized by a majority vote of the legal voters present at any legally called school meeting, levy a tax upon the taxable property of their districts for the purpose of carrying out the provisions of this section. [L. O. L. § 4055.]

§ 155. *District May Suspend School, When.*

The district school board of any legally organized district shall, when authorized by a majority vote of the legal voters present at any legally called school meeting, suspend the district school for such time as they may have been authorized, and arrange with any adjoining or other district, or districts, during the time when the school shall be suspended for the instruction of the pupils of such district; and, also, provide for the transportation of any or all pupils residing therein to and from the school house in the district with which the arrangements for their instruction is made, and to pay for the amount of expense incurred in providing for the transportation and for tuition of pupils in an adjoining or other district or districts. District school boards are hereby authorized to pay for the transportation or board of pupils, as provided for in this section, out of the common school fund of their respective districts, and when authorized by a majority vote of the legal voters present at any legally called school meeting, shall levy a tax upon the taxable property of their districts for the purpose of carrying out the provisions of this section. [L. O. L. § 4056.]

This act does not provide for the suspension of a part of the grades, but for a suspension of the school. Dropping a grade and providing for the pupils of that grade to be taught in another district is not within the purview of this act. (Report of Attorney General, 1907, p. 82.)

§ 156. *Flags for School Districts.*

The boards of directors in the several school districts of this State shall procure a United States flag of suitable size, and shall cause said flag to be displayed upon or near each public school building during school hours, except in unsuitable weather, and at such other times as to said board may seem proper. [L. O. L. § 4057.]

§ 157. *Expense, How Paid.*

The necessary funds to defray the expenses to be incurred for such flags and for poles and appliances necessary in connection therewith, and for the care thereof, shall be assessed and collected in the same manner as the moneys are now raised by law for public school purposes, or may be paid out of any funds in the treasury of any school district not otherwise appropriated. [L. O. L. § 4058.]

§ 158. *Vacancies in Offices of Clerk and Director.*

The county school superintendent shall declare the office of a clerk or director vacant upon the happening of any of the following causes:

1. The death or resignation of the incumbent.
2. When an incumbent shall be removed from office or his election thereto shall have been declared void by the judgment or decree of any competent court.
3. When an incumbent shall cease to be a resident of the district.
4. When an incumbent shall cease to discharge the duties of his office for two consecutive months, unless he shall have been prevented from discharging such duties by sickness or other unavoidable cause.

When a vacancy shall occur in the office of director in a district of the first class, the clerk of said district shall forthwith call a meeting of the remaining member or members, who shall at once fill the vacancy from any of the qualified voters of the district.

When a vacancy shall occur in the office of director or clerk in a district of the second or third class a special school meeting to fill said vacancy shall be called in accordance with Section 186; *provided*, that should the office of each director of any district be vacant at the same time, it shall be the duty of the county school superintendent to call a school meeting in such district to fill such vacancy, in accordance with Section 186 of this compilation; *provided further*, that should the vacancies occur in a joint district, it shall be the duty of the county superintendent of the county containing the greater number of persons, in such district between the ages of four and twenty years as shown by the clerk's last annual report, to declare the offices vacant or to call the meeting as provided for in this section. [L. O. L. § 4062.]

The resignation of a school director tendered to and accepted by the electors of his district is of no effect. Being an elective office, the resignation must be presented to the power authorized to call an election to fill the vacancy. (Vaughn v. School Dist., 27 Or. 65, 39 Pac. 393.)

When a school district director resigns orally at the annual school meeting, and the electors of the district proceed to elect a successor for his unexpired term, who qualifies and discharges the duties of the office, such successor is a regularly elected, qualified and acting director.—Report of Attorney General, 1913, p. 430.

§ 159. *Other Duties.*

The directors shall perform such other duties not provided for in this section as the wants of the district may from time to time demand. [L. 1913, Ch. 172, p. 306, § 1, subd. 30.]

§ 160. *Violations of School Law—Penalties.*

If a director shall be guilty of misfeasance or malfeasance in the office, he may, by the appropriate proceeding, be removed from office by a court of competent jurisdiction.

Any member of any school district board, or any school clerk, who shall violate any of the provisions of this act shall

be deemed guilty of a misdemeanor, and upon conviction shall be punished by a fine not less than \$25 nor more than \$100, or by imprisonment in the county jail not less than six months, or by both such fine and imprisonment; and any teacher who shall violate any of the provisions of this act shall be liable to immediate dismissal, and it shall be the duty of the county superintendent to prosecute and carry out the provisions of this section. [L. O. L. § 4063.]

The recall amendment of the constitution is applicable to school directors, but is not self executing with reference to them, and has never been executed or carried into effect by appropriate legislation.—Report of Attorney General, 1913, p. 147.

§ 161. *Fines—Where Paid.*

All fines collected for any violation of this act shall be paid to the treasurer of the county where the suit is brought, for the support of the common schools. [L. O. L. § 4064.]

§ 162. *Doors of School Buildings Must Open Outward.*

The outside doors, and other exits leading thereto, in every theater, church, school building, public hall, and every other building used for public purposes where people congregate, shall be so swung and hinged that they will open outward. [L. O. L. § 4987.]

§ 163. *Duty of Persons Having Control of Building—Penalty.*

It shall be the duty of the owner, lessee, or tenant, or person having control of any of the buildings enumerated in the preceding section to provide outside doors, and other doors leading thereto in such building, opening outward, within six months after the time this act takes effect; and any owner, lessee, tenant, or person having control of any such building who fails or refuses to so provide doors opening outward, shall be deemed guilty of a misdemeanor, and upon conviction thereof, shall be punished by a fine of not less than \$10 nor more than \$100, or by imprisonment in the county jail not less than ten days nor more than six months, or by both such fine and imprisonment, and each day which such offending person shall fail to comply with the provisions of this act shall be deemed a separate offense. [L. O. L. § 4988.]

§ 164. *Evening Schools.*

The board of directors of any school district of the second class in the State of Oregon are hereby empowered to provide and maintain a continuation evening school, and to fix the hours during which such school shall be in session and to

fix the length of term for such school; *provided*, that the length of term shall be not less than one-third that of the day session in such city; to employ teachers and otherwise provide for the instruction of pupils in all branches taught in the day sessions if in their judgment there is sufficient demand to justify such provisions; to fix, within the limits above mentioned, a course of study required for graduation from the evening high school, to admit any person not receiving instruction in the day session for the public schools, without restrictions as to age and citizenship. [L. 1913, Ch. 75, p. 113, § 1.]

CHAPTER VI.

DISTRICT SCHOOL CLERKS.

§ 165. *Bond of School Clerk.*

Before assuming the duties of his office the district clerk shall give a good and sufficient bond, equal in amount to not less than double the probable amount of all school moneys that shall come into his hands as clerk of such district. The bond of the district clerk shall be presented to and accepted by the district school board of his district within ten days from the date of his election or appointment as such district clerk, which bond shall be filed with the county superintendent within thirty days from the date of the election of the district clerk. [L. O. L. § 4065.]

School district boards of directors fix the amount of the district clerk's bond, subject to the approval of the county school superintendent.—Report of Attorney General, 1909, p. 32.

§ 166. *New Bond, When—Failure to Give, Effect of.*

Every clerk of a school district who is his own successor shall give a new bond for the term for which he is re-elected, within the time hereinbefore named for the presentation of his bond to the directors, and his former bondsmen shall not be liable for defaults committed within the term for which he is re-elected. In case any district clerk shall fail to give a bond within the time hereinbefore mentioned for the presentation and acceptance of such bond, the office of clerk shall be declared vacant by the district school board; *provided, however*, that in the event any board of directors shall accept a bond of the district clerk after thirty days have elapsed from the date of the election or appointment of such clerk then said bond so accepted shall be valid. [L. O. L. § 4066.]

§ 167. *Record—District Clerk Shall Keep—Notice of School Meetings.*

The clerk of every school district shall record all the proceedings of the district and board meetings in a book provided for that purpose. He shall give notice, as required in this act, of all annual and special district meetings. [L. O. L. § 4067.]

The clerk of a school district at any time while he is still in office has power and it is his duty to correct the records that he has kept of school meetings so as to make them conform to the facts, and such records can not in collateral proceedings be varied or contradicted by parol evidence. (Vaughn v. School District, 27 Or. 62, 39 Pac. 393.)

Under Section 161, relative to notices of school meetings, and Sections 144 and 158, relative to the duties of clerks of school districts, it is part of the official duty of a school clerk to post notices for special meetings, and his official record is sufficient evidence of what he did. (Amort v. School District, 48 Or. 522, 87 Pac. 761.)

Sections 538 and 539 L. O. L., requiring proof of the service of a summons to be by affidavit, do not apply to the proof of posting notices of school meetings. (Amort v. School District, *supra*.)

The board of directors of a school district may advertise for subscriptions for the indebtedness of the district in such amounts as it may deem advisable. (Amort v. School District, *supra*.)

It is not necessary to the validity of an obligation of a school district that it appear by the records of the clerk that the indebtedness does not exceed the legal limit, that matter being determinable from the assessment. (Amort v. School District, *supra*.)

Where the clerk of a school district fails or neglects to be present at a meeting of the district or to act as secretary thereof, the meeting has power to appoint a secretary *pro tem*, and the entries of the business of such meeting in the minutes by such secretary *pro tem* are evidence of the proceedings of the meeting. (State ex rel. v. McKee, 20 Or. 120, 25 Pac. 292.)

§ 168. *Annual Report to District and County Superintendent.*

Every district clerk shall make an annual report to his district and to the county superintendent according to the form prescribed by the State Board of Education, and shall forward a certified copy of the same to the county superintendent within five days after the annual school meeting. [L. O. L. § 4068.]

§ 169. *Census—District Clerk Shall Take.*

Every district clerk shall enroll annually during the last week in November for school purposes the names and ages of all persons in his district over four and under twenty years of age and also the names and postoffice addresses of all parents and guardians of such persons resident in the district. This annual school census shall include all youths between the ages of four and twenty years who, on the twenty-fifth day of November, actually resided in the district. [L. O. L. § 4069.]

§ 170. *Census—Must Answer Questions—Penalty.*

It shall be the duty of all parents and guardians of all children of school age to answer truly all questions propounded to them by the school clerk in regard to their residence, the

number, age and sex of all children of school age of whom they are parents or guardians, as the case may be, and any parent or guardian who shall refuse to so answer all questions, or shall not answer them truly, shall be guilty of a misdemeanor, and upon conviction thereof shall be fined not more than one hundred dollars (\$100) or be confined in the county jail not more than 50 days. [L. 1913, Ch. 308, p. 598, § 1.]

§ 171. *Census Report—Special.*

Where the annual census of any school district shows an increase of one hundred per cent or more in the number of children resident in such district between the ages of four and twenty years over the number of such children as shown by the last annual report of the clerk of such district, it shall be the duty of such clerk to immediately report such increase to the county superintendent; and thereafter in any apportionment of school funds in proportion to the number of such resident children in the several school districts, the number of such resident school children in the several districts as shown by such annual census shall be used as the basis of such apportionment instead of the number thereof shown by the last annual report. [L. O. L. § 4070.]

§ 172. *Census Report False—A Misdemeanor.*

Every member of a board of directors, or district clerk, who shall willfully sign a false report to a county school superintendent, with intent of causing such superintendent to apportion a larger sum than its just proportion of school moneys to his school district, shall be deemed guilty of a misdemeanor and such district shall also forfeit for each offense the sum of twenty-five dollars (\$25) of its proportion of the county school fund. Such penalties, and any fines which shall be imposed for such misdemeanor, are for the benefit of the common school fund of the county. [L. O. L. § 4004.]

§ 173. *Census Report—Copy to County Superintendent.*

The clerk shall, within ten days after taking such annual census, forward a certified copy of the same to the county superintendent, who shall immediately examine into its correctness, and should a report be incorrect, a county superintendent may correct said report, or cause the clerk to correct said report, and in case the board of directors and the district clerk are not satisfied with the county superintendent's ruling relative to the correctness of such report, they may appeal to the district boundary board, which is hereby author-

ized to decide as to the correctness of the report, and the decision of said district boundary board shall be final. No corrections shall be made after January 1, of the year immediately following the annual census. [L. O. L. § 4071.]

§ 174. *Blind and Deaf—Clerk Shall Enumerate.*

The district clerk shall enumerate, at the same time he takes his annual census, the name, age, residence, and post-office address of every person blind or deaf to such an extent as to be unable to acquire an education in the common schools, and who resides in the district in which he is clerk, and report the same to the county school superintendent at the time of making his annual report. [L. O. L. § 4072.]

§ 175. *Books Open for Inspection.*

The books and accounts of the district clerk are public records and shall be subject to inspection at any and all proper times; and the directors shall at the annual meeting of the school district make a thorough examination of the books and accounts of the district clerk. [L. O. L. § 4073.]

§ 176. *Uniform Blanks.**

Clerks of all school districts within this State shall use a uniform series of State blanks, blank reports, registers, warrant books, etc., whenever the same shall be provided by the authority of the State; and when the same have been received he shall immediately receipt to the county school superintendent for them, on blanks furnished for that purpose. [L. O. L. § 4074.]

*Chapter 286, Laws of 1913, gives the State Insurance Commissioner authority to formulate and prescribe a uniform system of accounting for school districts.

§ 177. *School Clerks to Make Tax Report to County Clerk and School Superintendent.*

It is hereby made the duty of all school clerks to report to their respective county clerks, and also to their respective county superintendents, on or before December 10, of each year, the amount of tax levied by their respective districts for maintenance; and also the amount of tax levy made by their districts for other purposes; and it is hereby made the duty of the county clerk to enter such levies on their tax rolls. [L. O. L. § 4045.]

A school district may hold a meeting and levy a tax after the 10th of December, and the same may be extended on the tax roll if reported to the county clerk on or before the first of January following, although Section 195 of the School Laws of 1913 requires all such taxes to be reported on or before

the 10th of December, such section being arbitrary and not a limitation upon the power of the district to levy the tax.—Report of Attorney General, 1913, p. 238.

The school district board of a district of the first class has no authority to change the minutes and report of the special tax payers' meeting called for the purpose of voting a special tax, but the action actually taken by the tax-payers' meeting must be certified by the county clerk.—Report of Attorney General, 1913, p. 54.

Taxes levied by a school district, may be extended by the county clerk against the property in said district, although received after the 10th day of December, as directed by Section 4, Chapter 128, Laws 1909.—Report of Attorney General, 1913, p. 57.

§ 178. *Teacher's Warrant to Be Drawn, When.*

The clerk of each school district shall refuse to draw an order for the teacher's wages for the last month until the teacher's register, copy of programme, classification of pupils, where each class began and closed in the State course of study, and such other data as may be required by the State Board of Education or the county superintendent, shall have been examined, approved by the clerk and filed in his office. [L. O. L. § 4075.]

§ 179. *Shall Turn Property Over to Successor.*

The district clerk shall turn over all district money, books, and papers to a duly qualified successor. [L. O. L. § 4076.]

§ 180. *Shall Send List of Officers to County Superintendent.*

The district clerk shall in five days after the annual school meeting send to the county school superintendent a list of the officers of his district, which list shall give the length of term of office of each director and the postoffice address of each director and clerk of the district. [L. O. L. § 4077.]

§ 181. *Shall Keep a Financial Record.*

It shall be the duty of the district clerk to keep a correct account in a book provided for that purpose of all moneys coming into his hands and of all paid out belonging to his district, and he shall make a report of the same to the annual meeting, and when called upon by directors to do so, shall report at special meetings. [L. O. L. § 4078.]

§ 182. *Shall Get Money From County Treasurer.*

When the district clerk receives the superintendent's order for the money set apart for his district out of the county school fund, he shall call upon the treasurer, either in person or otherwise, present his order and get the money; and it is hereby made the duty of the county treasurer to report at once to the county superintendent whenever such moneys are received by him. [L. O. L. § 4079.]

§ 183. *Secretary of School Meetings.*

The district clerk shall act as secretary of all district and board meetings, and shall perform all other duties required of him by this act, and should he fail to perform all such duties he shall suffer the enforcement of his bond. [L. O. L. § 4080.]

Where the clerk of a school district fails or neglects to be present at a meeting of the district or to act as secretary thereof, the meeting has power to appoint a secretary *pro tem*, and the entries of the business of such meeting in the minutes by such secretary *pro tem*, are evidence of the proceedings of the meeting. (State *ex rel. v. McKee*, 20 Or. 120, 25 Pac. 292.)

See, also, notes to Section 144.

§ 184. *Compensation.*

Clerks in districts of the first and second class shall receive as compensation for their services such a sum as in the judgment of their respective boards shall be adequate. In districts of the third class, they shall receive as compensation for their services not less than \$5.00 nor more than \$25 annually. [L. O. L. § 4081.]

CHAPTER VII.

SCHOOL MEETINGS.

§ 185. *Annual and Special School Meetings.*

The legal school voters of each school district of the State shall meet once every year, which meeting shall be known as the annual school meeting, and may hold special meetings as the interests of such district shall require. [L. O. L. § 4082.]

A majority of the legal voters present at a school meeting may transact business. Even as small a number as two voters are sufficient to constitute a quorum and proceed with the business of the district.—Report of Attorney General, 1913, p. 153.

§ 186. *Meetings, How Called.*

All regular and special school meetings must be convened by a written call, stating the objects of such meeting, signed by the chairman of the board and the district clerk, or a majority of the district school board; and the directors shall cause the clerk to post such written notices in three public places in the district at least ten days before the day appointed for said meeting. [L. O. L. § 4083.]

Under this section, relative to notices of school meetings, and Section 167, relative to the duties of clerks of school districts, it is part of the official duty of a school clerk to post notices for special meetings, and his official record is sufficient evidence of what he did. (*Amort v. School District*, 48 Or. 522, 87 Pac. 761.)

Sections 538 and 539, L. O. L., requiring proof of the service of a summons to be by affidavit, do not apply to the proof of posting notices of school meetings. (*Amort v. School District*, *supra*.)

Section 191, vesting in school district meetings the power to levy taxes, expressly limits such power to "district meetings legally called"; Section 104 empowers the district school board to call meetings generally, and Section 112 empowers it to call meetings to consider the question of erecting school buildings. Section 186 provides that all regular and special school meetings must be convened by a call stating the objects of such meeting, signed by the chairman of the board and the district clerk, or a majority of the district school board. Held, that Section 186 was intended to designate the persons who should give notice of a called meeting ordered by the board, and not merely to give the officers therein named a discretionary power to call a meeting, and the existence of the same power in some other body was necessarily excluded. (*Riggs v. Polk County*, 51 Or. 509, 95 Pac. 5.)

The statute recognizes the permanent and separate existence of the office of "chairman of the board," and by Section 102 the oldest in service of the directors was chairman of the board, and hence a special meeting called under Section 186 signed by the next oldest member of the board was not signed by "the chairman of the board," as required thereby, and bonds issued at such a meeting were invalid. (*Riggs v. Polk County*, *supra*.)

§ 187. *Chairman—Director Longest in Office.*

The director who has served the longest time as such shall act as chairman of district meetings, and in case of his absence, the other directors in the order of such seniority; and in case neither of the directors is present at a district meeting, the qualified voters present shall elect a chairman. [L. O. L. § 4084.]

The "oldest in office of the directors present" means the director who has served the longest time is such under an election, and not the one who is serving the longest time by appointment to an unexpired term. (*State ex rel. v. McKee*, 20 Or. 124, 25 Pac. 292.)

If the clerk of a school district fails or neglects to be present or to act as secretary thereto, the meeting has power to appoint a secretary *pro tem*. (*State ex rel. v. McKee*, *supra*.)

§ 188. *Rules of Order—Division.*

All district school meetings shall be conducted in a decent and orderly manner, and shall be governed by the rules of order commonly in use by such bodies; *provided*, that a division shall be granted if demanded by two or more voters of the meeting, except in case of an election to fill vacancies of district officers. [L. O. L. § 4085.]

§ 189. *Time of Annual Meeting.*

The annual school meeting in all organized districts shall be held on the third Monday in June, 1902, and every year thereafter, or, if it be a legal holiday, the next day thereafter, for the transaction of such business as shall properly come before it; and the fiscal school year shall begin on the third Monday of June and end on the last day of June. [L. O. L. § 4086.]

The day of the annual meeting of school districts is fixed in Section 133, School Laws of 1911, as the third Monday in June, or if it be a legal holiday, the next day thereafter, and the time of such meeting is to be fixed by a notice posted by the clerk notifying the voters of the district when such meeting will be held, consequently such meeting having been held at the time specified in the notice and on the day fixed by law, is a legal meeting, even though adjourned before a number of the electors arrive.—Report of Attorney General, 1913, p. 157.

§ 190. *Election by Ballot—Terms of Office.*

1. Districts of the first class shall elect one director for each district on the day of the annual school meeting, to serve for five years, and such election shall be held from 2 p. m. until 6 p. m. and it shall be by ballot, and such ballot shall be uniform, and shall be provided by the board of directors. The judges of such election shall be appointed by the board of directors, to receive and canvass the vote and report the results to the board.

In all other districts there shall be elected by ballot at the annual school meeting one director and one clerk for each district. The director shall hold his office for three years, so that the oldest director shall retire from office in order, and the clerk for one year; *provided*, that districts of the second class may hold elections for director and clerk in the manner provided in this act for holding elections in districts for [of] the first class, when authorized so to do by a majority vote of the legal voters present at any legally called school meeting; *provided*, that in case of a tie at the election of school officers, said tie shall be decided by lot. [L. O. L. § 4087.]

School elections are neither general nor special elections, and are not governed by the general election law, and if a qualified elector is challenged, the judge is not under any obligation to determine his right to vote as would be required at a general or special election. (*Breding v. Williams*, 37 Or. 437, 61 Pac. 858.)

The power given to the legislature by the constitution to provide for the establishment of a uniform and general system of common schools carried with it the power to prescribe the qualifications of voters at a school meeting and at elections for district officers. (*State v. Hingley*, 32 Or. 441, 52 Pac. 89; *Harris v. Burr*, 32 Or. 348, 52 Pac. 17, 39 L. R. A. 768.)

School elections are "legally authorized elections" within the meaning of the criminal statute punishing those offering to vote at such elections. (*State v. Hingley*, 32 Or. 441, 52 Pac. 89.)

§ 191. *Power to Levy Tax—Minutes of Meeting.*

(a) District meetings, legally called, shall have power to levy a tax upon all real and personal property in their district, and make any necessary appropriation for the support and benefit of schools, and also adjourn from time to time; *provided*, that no tax shall be levied at any special meeting unless the call for such meeting shall have stated that one of the purposes of such meeting would be the levying of a tax.—

The minutes of all school meetings must be signed by the chairman and secretary. [L. O. L. § 4088.]

(See Sections 195, 198, 199, and 200.)

Where a notice of a meeting of the voters of a school district stated that the object thereof was to levy a tax of eight and one-half mills for the building of a school house, and a tax of one and one-half mills for the teacher's fund, a motion at the meeting that "we proceed to vote on the ten-mill tax," sufficiently indicates that the tax referred to was that mentioned in the notice and the entry in the minutes of the clerk that such motion was carried is a good levy of the tax. (*Vaughn v. School District*, 27 Or. 63, 39 Pac. 393.)

A notice of a school district meeting in a district of the first class, for the purpose of levying a tax for the support and benefit of the schools in said district for the ensuing year, does not authorize the expenditure of the tax levied pursuant to said notice, for the purpose of buying a site and building a new school house, as well as supporting the schools for the ensuing year.—Report of Attorney General, 1913, p. 55.

Money raised by a school district must be applied for the purpose for which it was raised. A vote of the electors of a district authorizing the directors to contract a greater debt than they can lawfully do is sufficient authority to incur a debt to the lawful limit.—Report of Attorney General, 1913, p. 140.

The voters of a school district can at a meeting called for the purpose, reconsider a tax voted at a previous meeting and vote a larger tax.—Report of Attorney General, 1913, p. 204.

A school district cannot establish an agricultural experiment station, and expend public school funds in maintaining the same.—Report of Attorney General, 1913, p. 345.

A school district may levy a tax at the annual meeting, without the notice of such annual meeting stating that one of the objects of the meeting is to levy a tax, but at a special meeting, a tax cannot be levied unless the notice states that one of the objects is to levy a tax.—Report of Attorney General, 1913, p. 355.

A tax cannot be voted, or other business transacted at a special school district meeting, unless notice of such tax, or other business, is contained in the notice calling the meeting.

The motion levying a tax at a school district meeting, must specify the amount of tax to be levied in default of which no tax is levied thereby, and such motion containing also the provision for building an additional room to the school building, which provision not contained in the notice calling the meeting, is *ultra vires*.

An indebtedness can only be incurred by a school district, board upon a majority vote of the electors of the district, at a regularly convened meeting, notice of which must be contained in the notice calling the meeting, if the same is a special meeting.—Report of Attorney General, 1913, p. 423.

§ 192. Qualification of Voters.*

Any citizen of this State, male or female, who is twenty-one years of age and has resided in the district thirty days immediately preceding the meeting or election, and has property in the district, as shown by the last county assessment, and not assessed by the sheriff, on which he or she is liable or subject to pay a tax, shall be entitled to vote at any school meeting or election in said district; *provided*, that, for the purposes of this section, any man who has declared his intention to become a citizen of the United States, and has resided in the State for six months immediately preceding the meeting or election where he proposes to vote, shall be considered a citizen of this State; *provided, further*, that any person shall be deemed to have complied with the property qualification imposed by this section who presents to the directors or judges of election satisfactory evidence that he or she has stock, shares, or ownership in any corporation, firm, or co-partnership which has property in the district, as shown by the last county assessment, and not assessed by the sheriff, on which such corporation, firm, or co-partnership pays a tax, even though his or her individual name does not appear upon the tax roll; *provided, further*, that in districts of the third class any head of a family who is otherwise a qualified elector, and having children of school age, may vote at such election with-

*It is not necessary for electors to register in order to vote at school elections. (L. 1913, Ch. 223, p. 625, § 6.)

out property qualifications. The chairman of any school meeting, or any qualified elector, is hereby authorized to challenge any person who may offer to vote at such meeting. In case an elector has been challenged as disqualified, it shall be the duty of the chairman of such meeting to administer to each person so challenged an oath that he or she will truly answer all questions propounded to him touching his place of residence and qualifications as elector at such meeting, and upon taking which, if the meeting be in a district of the first or second class, he shall interrogate him respecting his citizenship in this State, his age, residence in the district immediately preceding the meeting or election, and whether he has property or shares in a corporation in the district, as shown by the last county assessment, and not assessed by the sheriff, on which he or she is liable or subject to pay a tax; and if the meeting be in a district of the third class, he shall interrogate him as to whether he is the head of a family, and otherwise an elector, and has children of school age in the district. [L. O. L. § 4089.]

The heirs of an estate, where the property belonging to such estate has been assessed and taxed in the name of the deceased, are not thereby entitled to vote at school district elections, inasmuch as they do not appear by the last assessment roll as having property liable to taxation in the district.—Report of Attorney General, 1913, p. 275.

A man who has no property which is taxable in a district may vote at district elections, if he is the head of the family containing children of school age, but not so, if his wife is the head of a family, instead of the husband. Both may vote if the husband is the head of the family and the wife has property taxable in the district. A school district director must be a legal voter of the district.—Report of Attorney General, 1913, p. 87.

The proper qualification of a school district voter must be shown by the last assessment roll made by the assessor, which assessment is made by the entry in the assessment roll by the assessor, and not on slips or sheet kept by the assessor.

If property is held in the name of both the husband and wife and only the husband's name appears on the assessment roll, he alone can vote at school elections.

The inconclusion of invalid votes at a school district election, simply has the effect to reduce the apparent majority by the number of invalid votes cast, and does not otherwise invalidate the election.—Report of Attorney General, 1913, p. 128.

The qualifications of voters at school elections are provided by Section 167, School Laws of 1911, and the qualifications of any voter may be challenged by the chairman of the meeting, or any other voter. When challenged, the voter must answer on oath as to his qualifications.—Report of Attorney General, 1913, p. 218.

The constitutional provision fixing the qualifications of voters (Section 2, Art. II, Const. Or.), does not apply to school elections, and the property qualifications is valid. (Setterlun v. Keene, 48 Or. 520, 87 Pac. 673.)

Ownership of property assessed to another does not qualify a voter. (Setterlun v. Keene, *supra*.)

"The contention that the statute is satisfied if the person offering to vote in fact owns property which is listed on the assessment roll, although it may have been assessed in the name of another, is without merit. The requirement is that he must have property 'as shown by the last county assessment.' The ownership of the property must appear from the assessment and can not be shown by extrinsic evidence." (Setterlun v. Keene, *supra*.)

NOTE.—In the case above cited, the question of a person who holds stocks or shares in a corporation, firm or copartnership was not at issue. Where the name of a corporation, firm or copartnership appears on the assessment roll, any one who presents to the directors or judges of election satisfactory evidence that he has stocks, shares or ownership in such co-partnership is entitled to vote.

Under the constitution the legislature has power to prescribe the qualifications of voters at school meetings and at elections for district officers. (State v.

Hingley, 32 Or. 440, 52 Pac. 89; *Harris v. Burr*, 32 Or. 348, 52 Pac. 17, 39 L. R. A. 768.)

A provision that women may vote at school elections is constitutional. (*Harris v. Burr*, 32 Or. 348, 52 Pac. 17, 39 L. R. A. 768.)

§ 193. *Voting Wards in Districts.*

School districts of the first class may be subdivided into voting wards by the directors of such district, such wards to conform as near as possible to the city wards comprised in its boundaries. The board of directors of all such districts when so subdivided shall establish at least one polling place in each ward, the judge and clerks of which shall be qualified electors within the provisions of this act, and residents of such ward and each elector shall be required to cast his or her ballot in that ward in which he or she resides. [L. O. L. § 4090.]

CHAPTER VIII.

SCHOOL DISTRICTS.

§ 194. *Division of Counties Into School Districts.*

For public school purposes, each county in the State shall be divided into convenient subdivisions, to be known as school districts, and those corporate bodies now existing in the various counties of the State under the name of school districts are hereby validated, and the boundaries, school offices and official acts of such districts shall be and remain the same as shown by the records of the county superintendents of the several counties of this State, or the records of such districts at the time this act goes into effect, until changed in the manner prescribed in this act. [L. O. L. § 4019.]

Where a school district has been attempted to be formed, and the law in regard to the formation of such district attempted to be complied with, and such district is in the exercise of its legitimate powers, its existence can not be attacked except in a direct proceeding by the State for that purpose. (*School District v. School District*, 34 Or. 97 55 Pac. 98.)

§ 195. *School Districts Classified.*

All school districts now existing, and all that shall hereafter be created under the provisions of this act, shall be classified and known as first class, second class, and third class. The classification shall be made according to the number of children of school age, as shown by the last school census. All districts with one thousand or more children of school age shall be known as districts of the first class. All districts with more than two hundred and less than one thousand children

of school age shall be known as districts of the second class. All districts with less than two hundred children of school age shall be known as districts of the third class. [L. O. L. § 4020.]

When a school census taken in November in any year, in a school district of the third class, shows 200 or more children of school age in said district, such district immediately becomes a district of the second class.—Report of Attorney General, 1913, p. 218.

§ 196. *New Districts—Establishment of by District Boundary Board.*

The district boundary board may establish new districts on the petition of three legal voters of said proposed new districts, and may, at its discretion, upon petition of three or more legal voters interested, change or divide the districts of its county.

When the boundaries of any school district lying in two or more counties are proposed to be changed, in the manner hereinbefore specified, the petition shall first be acted upon by the district boundary board of the county in which lies the greater part of the district proposed to be changed; but, in any such cases, any change of the boundaries in the other county must be concurred in by the district boundary board of that county.

Before any new district shall be established, or change shall be made in the boundaries of any existing district, the superintendent shall cause to be posted in three public and conspicuous places in such proposed district, or in each of the existing districts, at least ten days before action is taken, as herein provided, written or printed notices of the boundaries of the proposed new districts, or the changes to be made in the boundaries of any existing district, and of the session of the board when the same will be done.

No district shall be organized unless it contains at least ten children of school age, and no district shall continue to be a legally organized district unless it has at least six children of school age.

When changes are made in the district boundaries as heretofore set forth, or when any district shall be divided into two or more parts for school purposes, the existing board of directors shall continue to act for both, or all, the new districts or parts of districts until such districts or parts of districts shall have been regularly organized by the election of directors and clerks, as provided by law. [L. O. L. § 4021.]

See note to Section 44.

School districts, containing less than six children of school age, have no authority of law to vote taxes, build school houses, etc. (Report of Attorney General, 1911, p. 74.)

Where the school census of 1908 was less than six children of school age, but the census for 1909 shows six, or more, children of school age, the district is immediately reinstated, after the taking of the later census. The school clerk's annual report is the basis for apportionment of the school fund by the county school superintendent for the year following such annual meeting and report.—Report of Attorney General, 1911, p. 81.

Under the provisions of this section, providing that the district boundary board may, at its discretion, on petition of three or more legal voters, change or divide the districts of its county, and that the superintendent shall cause to be posted, etc., notices for the proposed change, an affidavit of the posting of the notices made by the superintendent and filed in his office, was sufficient proof of the posting, no statute requiring such proof to be made in any particular manner. (*Nicklaus v. Goodspeed*, Or., 108 Pac. 135.)

Under this section relating to formation of new school districts and division of assets, and providing that assets shall include all school property and moneys belonging to the district at the time of division, the proceeds of a special tax for building and repairing collected before the division, is included in the assets to be divided, and it is immaterial whether the amount due the new district is paid from the proceeds of the tax or from other funds. (*School District v. School District*, 53 Or. 33, 98 Pac. 523.)

If the proceeds of such tax was a trust fund, it would still be impressed with the trust in the hands of the new district and its payment to the new district would not be a diversion contrary to Section 3, Art. IX, Const. Or., providing that every law imposing a tax shall state distinctly the object of the same to which only it shall be applied. (*School District v. School District*, *supra*.)

A district boundary board may allow a petition changing the boundaries of a bonded district, provided the amount of property remaining in the district is adequate to secure the outstanding bonds.—Report of Attorney General, 1913, p. 265.

The boundary board of the county is authorized to divide school districts, or change the boundaries thereof in said county, upon the petition of three legal voters interested, although all of such voters reside in one of the districts to be affected.—Report of Attorney General, 1913, p. 438.

§ 197. *Division of Assets Between Districts Affected.*

The respective boards of directors of all the districts concerned shall immediately after such organization make an equitable division of the then existing assets and liabilities between the old and the new, or between the districts already existing and affected by such change; and in case of a failure to agree within ten days from the time of such organization the matter shall be decided by a board of arbitrators chosen by the directors of the several districts concerned. The arbitrators' decision shall be final, except that it may be reviewable by writ of review, as the decisions of other inferior tribunals are reviewed. The said board of arbitrators shall consist of three members, of whom the county superintendent shall be a member and *ex officio* chairman.

Each member of the board of arbitrators, except the county superintendent, shall be entitled to the sum of \$2.00 per day for each day's service, and necessary traveling expenses, while sitting in their official capacity, and expenses thus incurred shall be equally apportioned among the several districts concerned. Assets shall include all school property and moneys belonging to the district at the time of the division. Liabilities shall include all debts for which the districts in their corporate capacity are liable at the time of division.

In determining the assets, school property shall be estimated at its present cash value. The assets and liabilities shall be

divided between the districts in proportion to the last assessed value of the property, real and personal, and the district retaining the real property, shall pay to the other district or districts concerned such sum or sums as shall be determined in accordance with the provisions of this section; *provided*, that all funds to be apportioned during the current school year, after said division, shall be made in proportion to the number of persons in each district between the ages of four and twenty years who are actual residents of such parts of said districts divided, as shown by the clerk's last annual report of such districts. [L. O. L. § 4022.]

On the organization of a new school district from a part of an old district, the adjustment of assets and liabilities is to be made on the basis of the assessment roll last completed, and if such organization takes place in August, the last assessment roll is that of the year before, not the one then in process of making.—Report of Attorney General, 1913, p. 224.

When changes are made in the boundaries of school districts which have a bonded indebtedness, such liabilities should be considered by the respective boards of directors or board of arbitrators in adjusting the assets and liabilities, as the taxes levied to pay off such indebtedness is charged only against the property thereafter appearing on the tax roll as being in such district.—Report of Attorney General, 1913, p. 198.

§ 198. *Territory Must Be Contiguous.*

All school districts formed by the district boundary board shall be formed of contiguous territory. [L. O. L. § 4023.]

§ 199. *District in Two or More Counties.*

Where the public good requires it, a school district may be formed of adjacent territory lying in two or more counties; and it shall be the duty of the clerk in such district to report annually to each superintendent having jurisdiction, and such clerk shall include in such report the number of scholars residing, and the total number of days' actual attendance of such scholars, in each county. Said clerk shall be entitled to draw for the benefit of his district that portion of the public school fund due said district from each county.

A certificate received from the superintendent of either county in which such district may be situated shall be sufficient to enable such teacher in such district to draw pay out of the common school fund; *provided*, that such teacher before beginning school shall present for record his or her certificate in the superintendent's office of each county in which said joint district may be located. [L. O. L. § 4024.]

§ 200. *Organization New Districts—Notice to Be Posted—Quorum—Notice to Be Published, When.*

1. The taxable inhabitants of a newly-established district receiving a notice from the county superintendent, as provided by law, shall immediately write and post up three

notices in public places in the district, notifying the citizens thereof to assemble at some convenient place for the purpose of organizing such district, and electing three directors and a clerk, to serve the remainder of the school year, or until their successors are chosen and qualified. When three or more voters have assembled pursuant to notice, they shall constitute a quorum to do business, and shall have power to do all business done at annual school meetings; *provided*, that at least ten days' notice shall be given for all meetings called in pursuance of this act; *provided, further*, that in all districts of the first and second class this notice shall be duly published in one or more newspapers of such district, or, in case no such newspaper is published in said district, then notices shall be posted as hereinbefore provided.

Organization.

2. Such meeting shall organize by appointing a chairman and secretary, and then may proceed to elect by ballot three directors, who shall hold their offices until their successors are elected and qualified. Such meeting shall also elect a district clerk, who shall hold his office until the first annual meeting thereafter, or until his successor has been chosen and qualified.

Directors and Clerks to Qualify—Clerk's Bond—Oath.

3. The directors and clerk elected at the first meeting shall qualify immediately, by taking an oath to support the laws and Constitution of the United States and of the State of Oregon, and to faithfully discharge the duties of their offices to the best of their ability; and the clerk shall give a bond to the directors for such sum as they may require as additional pledge for the faithful performance of his duties. The chairman of the meeting, or any one he may choose, shall administer the oath of office to the directors and the clerk-elect.

Power of Directors and Clerk.

4. The directors and the clerk elected and qualified, as aforesaid, shall have the same power and shall perform the same duties hereafter required to be performed by directors and clerk elected at annual meetings of regularly organized districts.

Election of Directors.

5. At the first regular election of such district after its organization there shall be elected, by ballot, three directors, for one, two, and three years, respectively, and the ballot

shall specify the term for which each is to be elected. In case of a tie, the matter shall be decided by lot. [L. O. L. § 4025.]

The corporate existence of a school district created and organized under color of law, and in the exercise of its corporate powers, cannot be attacked except in a direct proceeding instituted by the State for that purpose. (School District v. School District, 34 Or. 99, 55 Pac. 98.)

§ 201. *Are Bodies Corporate.*

All school districts now existing, or that shall be organized in pursuance of this act, shall be to all intents and purposes bodies corporate, competent to transact all business coming under their jurisdiction, and sue and be sued. When suit is commenced against a district, notice must be served on one of the directors. [L. O. L. § 4026.]

§ 202. *Consolidation of School Districts—Call for Election.*

Whenever two or more contiguous school districts in this State shall desire to consolidate, for the purpose of forming one district, a petition from each such district shall be presented to the district boundary board of the county in which the largest district shall be situated, setting forth specifically the districts it is proposed to consolidate. Such petition, if from a district of the first class, must contain the signatures of at least one hundred legal school voters; if from a district of the second class, at least fifty legal school voters, and if from a district of the third class, must contain at least five legal voters, and shall request the district boundary board to submit, at the next annual meeting thereafter, to the legal voters of the several districts, the question of the consolidation of such districts. Upon receiving such petition, the district boundary board shall within ten days so notify the district school board of each of the districts designated by the petition. Each district school board receiving such notice shall cause its district clerk to publish, as a part of the notice for the next succeeding annual meeting, that a vote will be taken at such annual meeting upon the question of consolidation of the districts designated in the notice from the district boundary board, which districts shall be specifically designated in the notice for the meeting. [L. O. L. § 4027.]

§ 203. *Conduct of Election.*

The vote upon the question of consolidation shall be by ballot, and the ballots shall have written or printed upon them, "For consolidation—Yes"; "For consolidation—No"; and the chairman of the meeting shall appoint two tellers, who shall receive and count the ballots; *provided*, that in districts of

the first class the judges shall be appointed in the manner now prescribed by law. The district clerk, or a person authorized by the board to act as such, shall keep a poll list, and record thereon the name of each person voting upon such question at such meeting before such vote is received by the tellers. After all legally qualified school electors present have voted, if they so desire, the chairman shall declare the vote closed, and the tellers or judges shall proceed to count the vote in the presence of the chairman. [L. O. L. § 4028.]

§ 204. *Return and Canvass of Vote.*

The district clerk shall keep a tally sheet of the votes as counted by the tellers, which tally sheet shall be certified to as correct by the clerk and signed by the chairman and tellers. The tally sheet, poll list, and ballots shall be placed in a sealed package by the district clerk, who shall endorse thereon the number of the district and the name of the county in which it is situate, and the date on which said election is held. Such sealed package, together with a statement of the result of said election, signed by the chairman and the district clerk, shall be forwarded by the district clerk, within five days after said election, to the district boundary board, directed to the county school superintendent, as a member thereof. The district boundary board shall, within ten days after the receipt of the sealed returns from such election, open the same and proceed to canvass the vote. [L. O. L. § 4029.]

§ 205. *Declaring Result—Effect.*

If the board shall determine from the returns that a majority of all votes cast in each of the said districts is in favor of consolidation, it shall immediately notify the district school board of each district concerned of the result of such election. Within ten days from the date of such notice, the district boundary board shall consolidate all said districts into one district, the limits and boundaries of which shall conform to and be the same as the limits and boundaries of the territory included in all of the districts thus consolidated. If the district boundary board shall determine that less than a majority of all the votes cast in any one of the said districts is in favor of consolidation, then said board shall notify each of the district school boards concerned that the proposition to consolidate is defeated. After such district boundary board shall have canvassed the vote on the proposition to consolidate, the county school superintendent shall preserve in his office the ballots, tally sheets, and poll lists in their original envelope for a period of one year. [L. O. L. § 4030.]

§ 206. *Location of School Site.*

If, after consolidation, such consolidated district is a district of the first class, the location of school site shall be located as now provided by law. If, after consolidation, the district is a district of the second or third class, the school site for one year after consolidation shall be located by the district school board of the newly consolidated district, and, in case such school board shall be unable to agree, the question shall be submitted to the district boundary board for settlement, and the decision of the district boundary board shall be final. [L. O. L. § 4031.]

§ 207. *Title to Property.*

All the property, real and otherwise, belonging to the districts within the corporate limits of said consolidated district shall become the property of said consolidated district, and be subject thereafter to the control of the district school board of said consolidated district, chosen in accordance with this act. [L. O. L. § 4032.]

§ 208. *Classification of Consolidated Districts.*

All districts formed under the provisions of this act shall be classed as districts of the first, second, or third class, according to the provisions now in force for the classification of school districts. [L. O. L. § 4033.]

§ 209. *Board in Consolidated Districts of First Class.*

If such consolidated district, at the time of consolidation, shall contain enough children of school age, as shown by the last school census, to be classed as a district of the first class, the district school board of said consolidated district shall consist of five members, each of whom shall hold office for a term of five years, one member retiring each year, to be chosen as follows: The directors of the most populous district, of which said newly consolidated district was formed, as shown by the number of children of school age, according to the last school census, shall be the district school board of such newly consolidated district until the first annual meeting after the consolidation, when there shall be elected three directors to hold office, one for three years, one for four years, and one for five years, the term of each to be determined by lot at the first regular meeting after such election; *provided*, that if the said most populous district was a district of the first class at the time of consolidation, there shall be elected at the first annual meeting

after consolidation but one director, and said director is to hold office for five years. [L. O. L. § 4034.]

§ 210. *Board in Other Consolidated Districts.*

If said consolidated district, at the time of consolidation, shall not contain enough persons of school age, as shown by the last school census, to be classed as a district of the first class, the district school board of said consolidated district shall consist of three members, chosen as follows: The directors of the most populous district of which said consolidated district was formed, as shown by the number of children of school age, according to the last school census, shall be the district school board of said consolidated district until the first annual meeting after consolidation, when there shall be elected one director, to hold office for three years. [L. O. L. § 4035.]

§ 211. *Further of Officers in Consolidated Districts.*

After the election of members of the board of directors, under this act, but one director shall be elected each year, and all vacancies in the board shall be filled as provided by law. When consolidation of two or more districts has been effected, according to the provisions of this act, the terms of the school officers of said districts shall expire on the date of consolidation, except those of the most populous district of said districts. [L. O. L. § 4036.]

§ 212. *Consolidated Districts Subject to Same Rules as Others Except as to Apportionment of Funds.*

All districts formed under the provisions of this act shall be bodies corporate, and shall have all the powers and duties and shall be subject to the same restrictions as now provided by law for the class of districts to which said districts may respectively belong, in consequence of the number of children of school age within such consolidated district, except that for the five years immediately following the consolidation, the county school superintendent shall, at the time he apportions fifty (50) dollars to each district, as now required by law, apportion to all consolidated districts formed under the provisions of this act, as many times \$50 as there were districts consolidated. [L. O. L. § 4037.]

§ 213. *Officers of District—Number—Classification.*

1. The officers of a district of the first class shall consist of five directors and a clerk, and of all districts of the second and third class shall consist of three directors and a clerk, and in all cases shall be elected by ballot.

Term Begins, When.

2. The term of office of all district school officers shall begin on the day of election, and they must qualify before assuming the duties of their office, and within thirty days after their election, by taking the usual oath of office, and shall serve until their successors are elected and qualified.

District School Officer—Eligibility.

3. No person shall be eligible to a district office who shall not be at the time of his election a legal voter* for a school officer in such district. [L. O. L. § 4038.]

*For qualification of voters, see Section 192.

§ 214. District Must Hold Six Months of School Each Year—Not Entitled to Fund, When.

Districts shall not be entitled to their proportion of the county school fund at the disposal of the county superintendent, unless they shall report to him within fifteen days after the annual school meeting, and shall have had a school taught in their districts at least six months in each school year; *provided*, that a new district shall not be required to have a school taught, as aforesaid, for the space of one year from the date of its organization.

The provisions of this section shall first apply to the school year beginning June 20, 1909, and ending June 17, 1910. [L. O. L. § 4039.]

A school district fulfills the requirements of the law to hold six months' school, by holding three months' school in one part of the district and three months in another part. — Report of Attorney General, 1913, p. 189.

Where the board of directors of a school district, by authority of the electors thereof, arranges for the teaching of the pupils of said district, in the schools of another district, and the transportation of such pupils, the time covered by such arrangement is included in the period of six months during which each school district is required to be maintained.—Report of Attorney General, 1913, p. 76.

A county school superintendent cannot be compelled by mandamus to make an apportionment of the school fund among the several school districts of a county until such districts, or at least some of them, have made report as required by law. (*State v. Bryan*, 26 Or. 502, 38 Pac. 618.)

§ 215. Percentage of Tax Applied to Salaries.

At least eighty-five per cent of the amount received from the county school tax and the irreducible school fund shall be applied on the teachers' salaries, and no part of said eighty-five per cent shall be applied for fuel, expense of lawsuits, chalk, brooms, blackboards, erasers, stoves, or other apparatus necessary for the use of schools, nor for repairs or furnishing school houses, nor in paying interest or principal on bonds issued by the district; *provided*, that should any district fail to apply at least eighty-five per

cent, received from the county school tax and the irreducible school fund, on teachers' salaries, the unexpended balance shall revert to the general county school fund of the county, and the clerk of said school district shall report the amount of said unexpended balance in his first annual report thereafter to the county superintendent, who shall place the said unexpended balance to the credit of the county school fund and charge the same to said district as a part of the first succeeding year's apportionment thereafter. [L. O. L. § 4040.]

A school district may contract with another district to teach the children of the first district, and by so doing does not forfeit its right to receive State and county school funds, but 85 per cent of such fund must be used for teachers' salaries or revert to the county school fund. It cannot be spent in building a school house.—Report of Attorney General, 1913, p. 209.

§ 216. *Illegal Contracts With Teachers—Certificate Revoked.*

No district shall enter into a contract with any teacher whereby said teacher shall return to said district, either directly or indirectly, any part of the five-mill county school tax, or the irreducible school fund apportioned to said district; and should any board and teacher enter into such contract, said contract shall not be deemed legal, but void in whole, and the teacher's certificate shall, if it be a county certificate, be revoked by the county school superintendent, and, if it be a State certificate or diploma, be revoked by the State Board of Education, when the fact shall be duly ascertained, after a trial conducted as hereinbefore provided for revocation of teacher's certificate. [L. O. L. § 4041.]

§ 217. *Levy and Collection of School Tax—Amount.*

For the purpose of creating a county school fund, the county courts of the several counties of this State are hereby required to levy at the same time other taxes are levied, a tax for school purposes upon all the taxable property of the county, which aggregate an amount which shall produce at least eight dollars per capita for each and all of the children within the county between the ages of four and twenty years, as shown by the then preceding school census, which said taxes shall be collected at the same time, in the same manner, and by the same officers as other taxes are collected; *provided*, that the per capita amount so levied in any county shall not be less than the per capita amount of the school tax levied in the county for the year 1910. [L. O. L. § 4042; L. 1911, Ch. 84, p. 125, § 1.]

The county court cannot lawfully take a part of the county school fund and put it into the general fund, as that would be contrary to Section 3, Article IX of the Constitution.—Report of Attorney General, 1913, p. 210.

§ 218. *Levy to be Made by County Court on Failure of District.*

In case a district does not levy a special tax of at least five mills on the dollar for maintenance for the ensuing year, or that will produce an amount sufficient to give the district for such maintenance the difference between three hundred dollars and the amount received from the county school fund, as provided for in Section 217, or fails to report the same to the county clerk and county school superintendent, as required in Section 223, it shall be the duty of the county court of the county in which said district is located to levy, at the same time it levies other taxes, a tax on all the taxable property of said district that will produce an amount sufficient to give to the district for maintenance for the ensuing year the difference between three hundred dollars and the amount received, or to be received, by said district for the ensuing year, from the county school fund as provided for in Section 217; *provided*, that such levy by the county court shall not exceed five mills on the dollar. [L. O. L. § 4043.]

Section 25, Subdivision 2, School Laws of 1909, requires the raising and receiving by each school district of at least the sum of \$300 for each school year, and if any district saves out \$100 of such money raised during any one year, the same cannot be applied on the \$300 to be raised for the ensuing year, but at least \$300 must be raised and received by the district for each year.—Report of Attorney General, 1913, p. 59.

§ 219. *County to Make Apportionment up to \$300.*

In case the amount apportioned to any school district from the county school fund, provided for in Section 217, and the special district school tax provided for in Section 218, do not amount in the aggregate to the sum of three hundred dollars, the county court of the county in which such district is located shall, on the first Monday in October of each year, transfer from the general fund of the county to the special school tax fund of such district such an amount as may be necessary to make said sum of three hundred dollars. The county court shall include in its annual tax levy for county purposes a sufficient amount to meet the requirements of this section. [L. O. L. § 4044.]

Section 4045, L. O. L., has been repealed by implication in Section 223 this compilation, and districts should report their tax levies to the county clerk and the county assessor on or before the first day of December.

§ 220. *School Superintendents to Make Estimates.*

The county superintendent shall, on the third Monday in December of each year, make the estimates to meet the requirements of Section 218, and report the same to the county court; and, he shall also on the third Monday in December of each year, make the estimates to meet the requirements

of Section 219, and report the same to the county court. [L. O. L. § 4046.]

§ 221. *Levy in Case of Joint District.*

In the case of a joint district, the amount of tax to be levied as required by Section 218, and the amount to be transferred as required by Section 219, shall be in such ratio to the whole amount to be levied or transferred for such district as the assessed valuation of such district lying within the county bears to the assessed valuation of the whole district. [L. O. L. § 4047.]

§ 222. *All Taxing Public Corporations to Levy on Property Shown by Roll—Clerk to Furnish Certificates of Taxable Property.*

Sections 4362, 4363, 4364, and 4365, refer to expenses, etc., of the commission, and do not have any special bearing on school matters. They are therefore omitted from this compilation.

§ 316. *Library Fund.*

The county court of the several counties of this State which have a population of less than 100,000 inhabitants are hereby required to levy, at the same time they levy other taxes, a tax upon all taxable property in their counties for school library purposes, which shall aggregate an amount which shall be not less than ten cents per capita for each and all the children within the county between the ages of four and twenty years, as shown by the then preceding school census, which shall be collected at the same time, and by the same officers, as other taxes are collected, and such aggregate sum, when so levied and collected, shall be known as the general school library fund of the county, and such fund shall be set aside and used for no other than school library purposes, in the manner hereinafter provided for. [L. O. L. § 4153.]

§ 317. *County Treasurer to Certify to School Superintendent.*

It is hereby made the duty of the county treasurer to certify to the county school superintendent, on the first Monday of July of each year, the total amount in the general school library fund in his hands subject to apportionment by the county school superintendent. [L. O. L. § 4154.]

§ 318. *County Superintendent to Make Apportionment.*

The county school superintendent shall, upon the first Monday of July of each year, make an apportionment of the entire general school library fund, provided for in this act, then in the county treasury, in the following manner: Of the general school library fund collected in pursuance of the general school library levy of the county court he shall apportion to each district in his county that has reported to him according to law, in proportion to the number of persons in each district over four and under twenty years of age, as shown by the last school census. When such apportionment has been made he shall immediately notify the districts of their respective shares and shall also notify the Oregon Library Commission of the amount of money apportioned to each district, and the number of school children in each district. [L. O. L. § 4155.]

§ 319. *Purchase of Books.*

Between the first Monday of July and the first Monday of August in each year, the directors of each district and the county superintendent shall select from the lists prepared and furnished by the Oregon Library Commission and according to the rules of such commission as in Section 320 provided,

such books as are desired for their district, the aggregate mailing price of which shall not exceed the amount apportioned to such district from the general school library fund for the current year, and immediately upon making such selection the county superintendent shall mail a copy of the list so selected to the Oregon Library Commission; *provided*, that if the commission is not notified of such selection by the tenth day of August of each year, the commission shall make the selection for such district. As soon as the commission has obtained lists of books for all school districts selected in the manner above provided, it shall order such books from the dealer or dealers who have agreed to furnish them at the lowest price. At the time of ordering the books the commission shall notify the county superintendent of each county of the amount of money such books as have been ordered for the districts in his county will cost, including expenses of transportation to each district, and upon receipt of such notice each county superintendent shall draw a warrant in favor of the Oregon Library Commission for such amount and transmit the same to the commission, who shall thereupon settle with the dealer or dealers for the books purchased. Upon the delivery of the books so ordered, the commission shall cause them to be distributed to the respective school districts according to the lists furnished by such districts. [L. O. L. § 4156.]

§ 320. *List of Suitable Books—Preparation of.*

It is hereby made the duty of the Oregon Library Commission to prepare annually lists of books suitable for use in school libraries and to make rules regulating selections from such lists. Such lists shall state the retail and mailing price of each book, and said price shall be the lowest obtainable by the commission by receiving bids from more than one responsible dealer. It shall be the duty of the commission to furnish the county superintendent copies of such lists and rules, from time to time as issued, for distribution to school officers. [L. O. L. § 4157.]

§ 321. *Record of Books to Be Kept.*

It shall be the duty of each county superintendent to keep a complete record of the books purchased and distributed by him, together with the purchase price of said books. [L. O. L. § 4158.]

§ 322. *Librarian.*

The county superintendent shall appoint a librarian who shall receive and have the care and custody of the books,

and shall loan them to the teachers, pupils and other residents of the district, in accordance with the rules and regulations prescribed by the Oregon Library Commission for the control and management of school libraries. Each librarian shall keep a complete record of the books furnished by the board of directors. During the periods that the school is in session, the library shall be placed in the school house, and the teachers shall be responsible to the district for its proper care and protection. The district board shall have supervision of all books, and shall make an equitable distribution thereof among the schools of the district. [L. O. L. § 4159.]

§ 323. *Rules and Regulations.*

It is hereby made the duty of the Oregon Library Commission to formulate and prescribe rules and regulations not inconsistent with the provisions of this act for the control and management of all school libraries that may be purchased in accordance with this act. [L. O. L. § 4160.]

TITLE II

HIGH SCHOOLS.

CHAPTER I.

DISTRICT AND COUNTY HIGH SCHOOLS.

§ 324. *Two Kinds Organized.*

For the purpose of securing greater uniformity and efficiency in the teaching of higher branches in the public schools of this State, it is hereby provided that high schools of two kinds may be organized and maintained; to be known as district high schools and county high schools. [L. O. L. § 4161.]

§ 325. *Submission of Question to Voters.*

When one-third of the legal voters of any school district in this State shall petition the district school board, requesting that a high school be established in such district at a place named in the petition, or whenever the district school board shall, at their discretion, think proper, they shall give twenty days' notice previous to the annual school meeting or previous to a special election called for that purpose, that they will submit the question to the legal voters of said district, whether such high school shall be established and at the place specified, at which election the electors of the district shall vote by ballot for or against establishing such high school. All notices contemplated in this section shall be given as are all legal notices of special school meetings. After said election the said ballots on said question shall be canvassed by the district school board, and if a majority of all the votes cast shall be in favor of establishing a high school, it shall be the duty of said board to establish such high school, provide for its maintenance, and select suitable teachers for its various grades. [L. O. L. § 4162.]

§ 326. *District School Board to Control.*

The district high school, being a part of the public school of the district, shall be under the control and management of the district school board, in the same way and to the same extent as it is provided by law that the lower grades of the district school shall be. The district school board shall have power to use any part of the county or State school funds, or any funds raised by taxation of the district, for the neces-

sary expenses of the high school; *provided*, that none of the funds of any district shall be used for the purpose of maintaining a high school, unless said district shall also maintain at least eight months' instruction each year in the lower grades of the school system of this State. [L. O. L. § 4163.]

§ 327. *Free to What Pupils.*

All district high schools shall be free to all pupils of school age in such district who pass, or may have passed successfully the eighth grade uniform final examinations. [L. O. L. § 4164.]

Under the provisions of the union high school act of 1907, a district maintaining a high school is not required to admit a non-resident pupil into such high school upon the receipt only of the amount apportioned from the State and county fund for each pupil to the district where such pupil is enumerated. Such provision applies only to union high schools, and not to district high schools.—Report of Attorney General, 1909, p. 191.

A school board cannot charge tuition to high school pupils who reside in the high school district, for the reason that they did not take the course of study just exactly as prescribed by the authorities. It is not within the power of the board to fix fees or different regulations, even though a pupil did not take the four years' course prescribed. A high school is free to all pupils residing in the district.—Report of Attorney General, 1911, p. 84.

Only pupils between the ages of six and twenty-one are entitled to free tuition in high schools under the county high school fund law.—Report of Attorney General, 1913, p. 424.

§ 328. *County High School.*

There may be established in any county in this State one or more county high schools; *provided*, that at any general or special election held in said county, after the passage of this act, a majority of all the votes cast at such election upon the proposition to establish a county high school shall be in favor of establishing and maintaining such county high school or schools at the expense of said county. [L. O. L. § 4165.]

The question of maintaining a county high school must be submitted to the legal voters of any county, upon the presentation of a petition signed by one hundred or more qualified electors, taxpayers of said county.

Either before or after the establishment of a county high school in this manner, the electors of the county may vote to discontinue the maintenance of the high school.

The electors of a county may not initiate a question of discontinuing the high school under the initiative power reserved to the people of municipalities and districts, under Section 1a of Article 4 of the Constitution. (But see decision of the Supreme Court in cases of *Schubel v. Olcott*, 60 Or. 503, decided January 23, 1912.)—Report of Attorney General, 1913, p. 97.

§ 329. *When Question Must Be Submitted to Vote.*

The county court, at any general election to be held in any county after the passage of this act, upon the presentation of a petition signed by one hundred or more qualified electors, taxpayers of said county, must submit the question of establishing and maintaining a county high school to the qualified electors thereof. The county court, if they deem it expedient, may order a special election for such purpose. Such election

shall be conducted in the manner provided by law for conducting elections. The ballots for such election shall contain the words, "For County High School—Yes"; "For County High School—No"; and the voter shall indicate his choice as provided in the Australian ballot law. [L. O. L. § 4166.]

§ 330. *County Court Must Establish.*

If the majority of all votes cast on the proposition to establish a county high school are in the affirmative, it shall be the duty of the county court, within thirty days after canvassing said vote, to locate said school in some suitable and convenient place in said county. The county court shall also estimate the cost of purchasing a suitable lot, erecting a building and furnishing the same for the accommodation of such school, with the cost of conducting such school for the next twelve months; *provided*, that the county court, or the high school board, as herein constituted, may rent suitable rooms for the accommodation of the school. If rooms can be obtained in the public school buildings in the place in which said school shall be located, they shall be given the preference; *provided further*, that said board may contract with the board of directors of any district in the county that now maintains, or may hereafter maintain, a school of high school grade to teach all county high school pupils at such a rate per capita, or in the aggregate, as they may deem right and just, and shall pay for the same out of the high school fund. [L. O. L. § 4167.]

The county high school board is authorized and required to locate the county high school authorized by a vote of the electors of the county, and such location is not affected by the county high school fund law, nor the Act of 1907, page 39, providing for the location of county high schools where the county high school board had refused to act prior to that time.—Report of Attorney General, 1913, p. 48.

§ 331. *Special Tax to Be Levied.*

When such estimate shall have been made, the county court shall thereupon proceed to levy a special tax upon all the assessable property of the county sufficient to raise the amount estimated as necessary for purchasing a lot, procuring plans and specifications, erecting a building and furnishing the same, fencing and ornamenting the grounds, and the cost of running the said school for the next twelve months; or, if in their judgment not expedient to buy or build, they shall levy for a sum sufficient to cover the cost of conducting the county high school in connection with some contracting public school, as hereinbefore provided. Said tax shall be computed, entered upon the tax roll and collected, in the same manner as other

taxes are computed, entered, and collected, and the amount so collected shall be known and designated as the "county high school fund," and shall be deposited in the county treasury, and shall be drawn therefrom as hereinafter provided. [L. O. L. § 4168.]

§ 332. *Conveyance to County High School Board.*

When the county court shall have properly provided and completed the building, together with the necessary fencing of the lot so provided, they shall cause the same to be deeded to the county high school board, as hereinafter provided, who shall hold the same in trust for the county. [L. O. L. § 4169.]

§ 333. *Board, How Constituted.*

Whenever it has been decided by any county at any election to maintain a county high school, a county high school board shall be organized, consisting of the county judge and the two county commissioners, the county treasurer, and the county school superintendent, who shall act in their official capacity as such board, the county judge to be *ex officio* chairman, and the county school superintendent *ex officio* secretary. The members of the board shall serve without compensation. [L. O. L. § 4170.]

§ 334. *Duty of Board.*

It shall be the duty of the county high school board to furnish annually to the county court an estimate of the amount of money needed to pay the running expenses of said school; to employ suitable teachers, janitors, and other employees, and discharge such teachers and employees when deemed advisable by them, and to do any and all other things necessary to the proper conduct of the school. [L. O. L. § 4171.]

§ 335. *County High School Fund.*

It shall be the duty of the county court to include in their annual tax levy an amount sufficient to maintain the county high school, and such amount, when collected, shall be paid into the county treasury, and shall be known as the "county high school fund," which fund shall be in the charge and custody of the treasurer of the county, and may be drawn therefrom in the following manner for the purpose of defraying expenses of conducting the said county high school: The high school board shall draw their order on the county court, which order shall be signed by the president and secretary of

such board, whereupon the county court shall issue a warrant against the county high school fund; *provided*, that the total amount of such warrants shall not exceed the amount of money actually in the hands of the treasurer to the credit of the county high school fund. [L. O. L. § 4172.]

§ 336. *Board May Establish More Than One School.*

In case the qualified electors of any county deem it expedient to establish and maintain more than one county high school, then such additional school or schools may be established and maintained in the manner prescribed in this act for establishing and maintaining a county high school. [L. O. L. § 4173.]

§ 337. *Principal of High School May Be Principal of District School.*

Nothing in this act shall be construed so as to prevent the principal of the high school from acting as principal of the public school of any district in which a high school is located, if so desired by the directors of such district. [L. O. L. § 4174.]

§ 338. *Course of Study.*

The course of study for high schools in this State shall embrace a period of four years above the eighth grade of the public schools of this State, and shall contain two years of required work, which shall be uniform in all high schools of the State. Such course of study for the two years of required work shall be laid down by the Superintendent of Public Instruction, after due consultation with all county and district high school boards in the State. The course of study for the two years of optional work in all high schools shall be laid down by the county high school board in the county or the district school board in case of district high schools, after due consultation with the State Superintendent of Public Instruction; *provided*, that in any high school of this State it may be provided by the directors thereof that all or part of the two years of optional work in the high school course shall be devoted to industrial training. In high schools where industrial training is made part of the course, the required studies, and industrial training may be interspersed throughout the four years' high school work, as may be deemed best by the board of directors of such school. [L. O. L. § 4175.]

§ 339. *High School Diplomas.*

Upon the completion of the four years' course in any high school in this State, and upon passing successfully the required

examination, any pupil shall be granted a diploma or certificate, to be known as a State high school diploma; *provided*, that this section shall not be so construed as to prevent any high school from issuing a certificate or diploma to its graduates who have attended such school less than four years; but on all such certificates or diplomas shall be plainly written the number of years of high school work required for graduation by the school issuing the same. [L. O. L. § 4176.]

§ 340. *Text-Books.*

All the text-books used in the two years' required work in high schools in this State shall be selected by the State Text-Book Commission. [L. O. L. § 4177.]

§ 341. *County High Schools to Be Free.*

All county high schools in this State shall be free to all pupils of school age in such county who pass or may have passed successfully the eighth grade uniform final examinations. [L. O. L. § 4179.]

CHAPTER II.

UNION HIGH SCHOOLS.

§ 342. *Name of Act.*

This act shall be known as the Union High School Law. [L. O. L. § 4192.]

§ 343. *Meaning of "Regular School District."*

When used in this act the term regular school district means all districts heretofore organized, or those hereafter organized by the district boundary board; and union high school districts those formed in accordance with the provisions of this act; and legal voters those who can legally vote for school officers in their respective districts. [L. O. L. § 4193.]

§ 344. *Two or More Districts—How United.*

Whenever it is desired to unite two or more contiguous school districts or parts of districts in this State for high school purposes only, a petition from each district shall be presented to the district boundary board setting forth specifically the districts or parts of districts it is proposed to consolidate, and also the site for the location of the union high school building. If the petition is from a district of the

first-class it shall contain the names of not less than one hundred legal voters; if from a district of the second-class, not less than twenty-five legal voters; if from a district of the third-class, not less than one-third of the legal voters; if a part of a district is included in the petition, the petition shall be signed by at least one-third of the legal voters residing in such part of the district. Said petition shall request the district boundary board to direct the school boards of each district designated in the petitions to state in the notice for the next annual school meeting or election, or at a special meeting or election, called for that purpose, the time of such meeting or election to be designated in said petitions that the question of uniting said school districts for high school purposes only, thus forming a union high school district, will be submitted. Within ten days after receiving such petitions, the district boundary board shall direct, in writing the respective school boards of the districts to be so united, to give the notices as requested in the petitions. For all purposes provided for in Sections 344, 345 and 348 the district boundary board shall annex the part of the district it is intended to unite to the proposed union high school district to the nearest adjoining district, and the nearest adjoining school district and the part of the school district so annexed shall be considered as a school district. The vote on the question is to be by ballot, and the ballot shall have written or printed thereon the words:

“For Union High School—Yes.”

“For Union High School—No.”

If the vote is taken in regular school meeting the clerk shall prepare a poll list and tally sheet. The chairman of the meeting shall appoint two tellers, who shall receive the votes as the clerk calls the names of the voters from the poll list. When all have voted the tellers shall count the votes, and the school clerk shall keep the tally. If the vote is taken in polling places previously designated by the school board, the judges of the election shall accept the votes, and the clerk of election shall record the names of the voters. If the tally sheet is kept by the school clerk he and the tellers shall certify over their signatures that it correctly indicates the votes cast. If the tally sheet is kept by a clerk of election, the clerk and the judges shall certify to the school board the result of the vote on this question, together with other questions that may be on the ballot. The tally sheet, poll list, and ballots shall be placed in a sealed package by the district clerk, who shall endorse thereon the number of the district and the date of election.

Such sealed package, together with a statement of the result of the election signed by the school clerk and chairman of the school board, shall be forwarded within five days to the district boundary board, addressed to the county school superintendent as a member thereof. Within ten days after receipt of the sealed returns from the district the district boundary board shall open the sealed packages and canvass the votes. If the board shall determine that a majority of all votes cast on the high school subject voting on such subject is in favor of uniting such district for high school purposes, it shall immediately notify the respective school boards concerned of the result and shall declare the territory comprising such districts to be a union high school district Nos. 1, 2, 3, etc., in order of their formation. If the district boundary board shall determine that less than a majority of all votes cast is not in favor of uniting said district for high school purposes, then said board shall immediately notify the respective school boards concerned that the proposition is defeated. The ballots, tally sheets and poll list shall be kept on file in the office of the county school superintendent for a period of one year. [L. O. L. § 4194, L. 1911, Ch. 53, p. 78, § 1.]

A union high school district, which has been regularly organized and established, pursuant to the statute providing therefor, cannot be dissolved, since there is no statute authorizing the dissolution of the same.—Report of Attorney General, 1913, p. 371.

The petition to the district boundary board of a county, requesting an election to be held for the union of two or more school districts for high school purposes, should state specifically the location of the site for such union high school in such manner that the voters at the election will know where the school is to be located if the union high school district is created.—Report of Attorney General, 1913, p. 348.

§ 345. *Transfer of Title.*

If the site for the location for the union high school as set forth in section 344, is a site belonging to a regular school district, and it is proposed to transfer the title of said site from the regular school district to the union high school district, on organization, then a special meeting or election shall be called to be held at least forty days before the date upon which the vote for organizing the union high school district shall be taken. Such meeting or election must be convened by a written call specifying the date of such meeting, signed by the chairman of the board and the district clerk, or a majority of the district school board; and the directors shall cause the clerk to post such written notices in three public places in such district at least ten days before the date appointed for said meeting. The notice for said meeting must specify definitely the property to be transferred and the purpose and terms of said transfer. The vote on

the question is to be by ballot and the ballot is to have written or printed thereon the words:

“For the transfer of.....property—Yes.”

“For the transfer of.....property—No.”

The vote in all respects at such meeting or election shall be taken in such district as if it were for the election of a school officer of such district, and if it shall be determined that a majority of votes cast on the subject of the transfer of the property in such district voting on such subject is in favor of transferring such property, then it shall be the duty of the board of such regular district to transfer such property to the union high school district, on the terms set out in the notice, in case the union high school district is formed. When said transfer is made, the union high school district assumes and is thereafter responsible for all unpaid debts and liabilities that may have been contracted by the regular school districts for said property, and thenceforth said property shall be under the control in all respects of the said union high school district. [L. O. L. § 4195.]

§ 346. *Board May Contract for Use of Property.*

The union high school board may for high school purposes contract with a regular school board for the use of any property belonging to the regular school district for such time and according to such conditions as may be mutually agreed upon between such boards. [L. O. L. § 4196.]

§ 347. *When Districts Lie in Two or More Counties.*

If districts to be united for high school purposes are in two or more counties, the district boundary board of the county in which the most populous district is located shall have jurisdiction in all matters pertaining to the organization and management of such districts. When so organized, a description of the boundaries shall be sent to the other county superintendent or superintendents concerned, for record. [L. O. L. § 4197.]

§ 348. *Union High School Board—How Constituted.*

(a) If a union high school is formed by uniting two districts of the third class, the school board of each of such districts shall be *ex officio* members of the union high school board.

(b) If formed by any other combination of districts, the chairman of each school board shall be a member of the union

high school board until the next annual school meeting, then there shall be elected from each district one member of the union high school board. The member of the board from the district which has the lowest numerical number shall serve three years. The member from the district which has second lowest numerical number shall serve two years. The member from the district which has third lowest numerical number shall serve for one year. The member from the district which has fourth lowest numerical number shall serve for three years. The member from the district which has fifth lowest numerical number shall serve four years. The member from the district which has sixth lowest numerical number shall serve one year and in like manner the length of term of all directors shall be determined.

At the end of a term of a member from the district, his successor shall be chosen from among the legal voters in the district in the same manner as now provided for by law for the election of school district officers. He shall serve three years, or until his successor is elected and qualified. In case of a vacancy the clerk of the union high school district board shall notify the district school board of such fact and the district board shall call a special meeting to elect his successor who shall serve the remainder of the unexpired term.

(c) The election for members of the union high school board, as provided for in paragraph (b), shall be held at the time and in the manner provided by law for the election of school officers of such districts. [L. O. L. § 4198; L. 1911, Ch. 53, p. 80, § 2.]

Officers of a union high school district regularly elected, continue to serve until their successors are elected and qualified, although such successors are not elected at the end of a first term. Failure to so select does not create a vacancy, and successors are to be elected at the time specified in the statute.

One director of a union high school district, not constituting a quorum of the board of directors, cannot transact the business of the district alone, and if the other members refuse to co-operate, the only recourse is to the electors of the component districts.—Report of Attorney General, 1913, p. 408.

§ 349. *Organization of Board.*

The county school superintendent shall forthwith set a time for the first meeting of the union high school board formed in accordance with this act, at which time said board shall meet and organize by electing one of their number chairman and appointing a clerk from the qualified voters of the high school district from without their number to serve one year, or until his or her successor is appointed and qualified. The board and clerk shall qualify by taking an oath to perform the duties of the office of director or clerk, as the case may be, of the union high school district. The clerk shall give

a bond in such an amount as the board may determine, but it shall not be less than double the amount of funds that may come into his hands at any one time. Clerks of union high school districts shall receive such compensation for their services as in the judgment of their respective boards shall be adequate. In case of a tie in the election of a chairman or a clerk the county school superintendent shall cast the deciding vote. In case of a tie on any other question the school clerk shall cast the deciding vote. [L. O. L. § 4199.]

§ 350. *Meetings of Board.*

The union high school board shall hold regular monthly meetings at the high school building at such time as may be provided in the rules and regulations adopted by them for their own government. A meeting of the union high school board may be called at any time, by two members of the board serving a written notice on the other members and the clerk, at least forty-eight hours before such meeting is to be held, such notice to be left at the residence or usual place of business of such other members and clerk, or may be called by the common consent of the members of such board; *provided*, that the action of such board shall not be deemed lawful unless every member shall have been duly notified; *provided, further*, that the union high school board may, at its discretion, appoint an executive committee representing at least two regular districts, one of whom shall be the chairman of the board, to attend to the routine business of the board, their action to be reported to the board for ratification at its first regular meeting. [L. O. L. § 4200.]

§ 351. *Board Shall Admit Residents of Any School District.*

(a) The union high school board of any union high school district organized under this act, shall admit to the union high school under its control whenever the facilities of the school will warrant, a resident of any school district of any county concerned in such union high school district, who is properly prepared to enter such school and whose school district does not of itself or in connection with other school districts provide the high school privileges afforded by such union high school. Persons thus admitted shall be entitled to the same privileges and be subject to the same rules and regulations as pupils who are residents of regular high school districts.

(b) The school board of any regular district having a high school shall admit to the high school under its control, whenever the facilities of the school will warrant, a resident of

any other school district, prepared to enter such school, of any district in the county and whose school district does not provide the high school privileges offered by such high school. Persons thus admitted shall be entitled to the same privileges and be subject to the same rules and regulations as pupils who are residents of regular high school districts.

(c) Whenever such non-resident pupil shall be admitted to such union high school, the union high school district shall be entitled and is hereby authorized to determine who are non-resident pupils and to fix the rates of tuition of such non-resident pupils. [L. 1911, Ch. 53, p. 80, § 3.]

§ 352. *This Act Not to Prevent the Forming of County High School.*

(a) Nothing in this section shall be construed as to prevent all school districts in any county from uniting to form one or more county high schools; *provided*, that when any school district, or union high school district, shall maintain a high school which in all respects shall be equivalent in efficiency to the county high school, which efficiency shall be determined by the district boundary board, such territory shall be exempt from a tax to support a county high school; *and provided, further*, that when any regular school district, or union high school district shall establish a high school prior to the submission of the proposition to establish a county high school, the electors of such school district, or union high school district, shall be excluded from voting upon said proposition.

(b) Nothing in this section shall be construed as to prevent a regular district maintaining a high school, or a union high school, from uniting with other districts for the purpose of organizing a high school in accordance with the legislative enactments governing the formation of county high schools. [L. O. L. § 4202.]

§ 353. *Course of Study.*

The course of study for union high schools shall be prepared by the State Board of Education, and said course of study shall embrace a course of study of not less than two years. [L. O. L. § 4203; L. 1911, Ch. 53, p. 81, § 4.]

§ 354. *Industrial Training.*

Any union high school board may, at its discretion, establish and maintain a department of industrial training in connection with the school under its management. The expense of maintaining such department shall be provided for in the same manner as other expenses of maintaining union high schools,

and such department shall be under the management, direction and control of such board. The State Board of Education shall, so far as their other duties may warrant, give such information and assistance as may seem necessary in organizing and maintaining such department and in arranging plans and outlines of work. [L. O. L. § 4204.]

§ 355. *Creation of Regular District Not to Affect Boundary of Union High School District.*

A regular school district may be united to a union high school district in the manner provided for the organization of a union high school district in section 344 hereof; *provided*, that the union high school district shall be considered one district for such purpose. [L. O. L. § 4205.]

Said tax shall be computed, entered upon the tax roll, collected, in the same manner as other special taxes, and paid to the clerk of said union high school district in the same manner as other taxes are paid. When a tax is levied, the union high school board may contract a debt in the name of the district, borrowing money or by issuing warrants of the district not to exceed the amount of the levy.

3. When authorized by a majority vote of the legal voters present at any legally called meeting, in a union high school district, the board of such district may, in the name and behalf of their district, contract a debt by borrowing money, or otherwise, not to exceed five per centum of the value of the taxable property of the district, for the purpose of building a school building or repair of school buildings, or for the purchase of land for school purposes, and issue negotiable and interest-bearing warrants (and fix the payment for the same)

of their district evidencing such debt; and they may, from time to time, not oftener than once a year, levy a tax upon the taxable property of such union high school district, to pay the interest thereon, on principal when due, which taxes shall be collected in the same manner as other school taxes are now collected by law; *provided, further*, that such directors shall call a bond election, when petitioned to do so, in accordance with the provisions of the bonding act for bonding regular school districts. Taxes of such districts are collected by the sheriff as all other taxes, and by him paid to the county treasurer, who in turn pays the same to the districts entitled thereto, without further action of the district and the levying and specifying the same to the county clerk. A failure to levy taxes in such a district for any year or years, cannot be remedied by a subsequent levy for such years.—Report of Attorney General, 1913, p. 408.

All notices contemplated in this subdivision shall be given as are all legal notices of special school meetings. After said election the ballots of said question shall be canvassed by the district board, and if a majority of all the votes cast shall be in favor of establishing such grades it shall be the duty of the district board to establish such grades and determine what branches shall be taught therein, and the course of study used by classes thus formed in districts if the second and third classes shall be that prescribed by the State Board of Education. [L. 1913, Ch. 172, p. 305, § 1, subd. 26.]

[L. O. L. § 4182.]

Said tax shall be computed, entered upon the tax roll, and collected in the same manner as other taxes, and designated as the "County High School Fund," and shall be deposited in the county treasury. § 365. *Tuition, How Paid.*

For the purpose of paying tuition of said high school pupils, the county high school board shall draw an order on the county treasurer, which shall be signed by the president and secretary of such board, whereupon the county treasurer shall pay such warrant and charge the same to the county high school fund; *provided*, that the total amount of such warrants shall not exceed the amount of money actually in the hands of the treasurer to the credit of the county high school fund. [L. O. L. § 4184.]

§ 366. *Distribution of Fund.*

The basis of the distribution of the county high school fund shall be upon the average daily attendance during the school year. The total amount of money paid to any district during

[L. O. L. § 4186.]

§ 368. *District Must Comply With State Rules.*

[L. O. L. § 4187.]

All questions at issue arising under the provisions of this section shall be determined by the county school superintendent whose decision in the matter shall be final. [L. O. L. § 4188.]

There is no authority of law for using high school funds to pay tuition of pupils who have not successfully passed the eighth grade uniform final examinations. — Report of Attorney General, 1911, p. 42.

§ 370. *Pupil Must Complete Course in Residence District.*

No tuition shall be paid for a high school pupil to any district, except to the district in which his parent or guardian shall actually reside, during the time of said pupil's attendance in such district; *provided*, that tuition may be paid for a high school pupil to a district other than his residence district if the high school is not in session in the residence

Each pupil taking the eighth grade examination is required to pass an examination on all branches given in such examination, and a pupil having finished one of such branches in another State, cannot offer his grades therein in lieu of such examination, as that would nullify their requirement for uniform examination in the branches taught in the eighth grades.—Report of Attorney General, 1913, p. 77.

§ 423. *Plan Must Be Approved by Majority of Teachers Employed in District.*

No such association shall be incorporated or commenced to collect and disburse funds until the plan so to be proposed by said teachers shall be approved in writing by majority of all the teachers in employ of such district. At the time of the incorporating of said corporation there shall be filed with the articles of incorporation an affidavit made by the clerk of said school district to the effect that a majority of the said teachers have approved in writing of the formation of said association. [L. 1913, Ch. 58, p. 87, § 1.]

§ 426. *Association Empowered to Hold Real Estate.*

Any such association so to be formed shall be empowered to receive, hold, sell, mortgage, and otherwise dispose of real and personal property, either by gift or purchase or in any other lawful ways, and also to loan and invest the funds of said association in such manner as the officers thereof may deem best and as may be provided by its articles of incorporation and by-laws. [L. 1911, Ch. 280, p. 511, § 8.]

§ 427. *Funds Shall Be Pro-Rated When Not Sufficient to Pay Annuities in Full.*

Said plan of said incorporation may provide that in the event the funds of the association are not sufficient to pay annuities in full as provided therein during any particular year, that the amount available shall be pro-rated between those entitled to receive the same. [L. 1911, Ch. 280, p. 512, § 9.]

[L. 1911, Ch. 280, p. 512, § 11.]

RULES AND REGULATIONS

For the general government of public schools and for the maintenance of discipline therein, made in pursuance of the Oregon School Laws.

REVISED BY THE STATE BOARD OF EDUCATION, JUNE, 1913.

APPEALS.

RULE I. In all trials before a district board of directors the clerk of said district shall furnish the defendant, in writing, a copy of the charges preferred against him, and also the time and place where the matter at issue will be tried; *provided*, that at least five days shall elapse between the time that the defendant shall receive said notice and the date of trial. In all such trials the board shall have authority to hear and receive testimony for either party, and for that purpose may subpoena witnesses and administer oaths if necessary; and the defendant shall have an opportunity to be heard in person or by an attorney.

RULE II. Any person aggrieved by any decision or order of the district board of directors in any matter of law or of facts (pertaining to his school district) may, within ten days after the rendition of such decision or the making of such order, appeal therefrom to the county superintendent of the county; *provided, further*, that this right of appeal shall be open to all in relation to all school difficulties and complications occurring in school districts.

RULE III. The basis of the proceeding shall be a notice of appeal, filed by the party aggrieved with the county superintendent, within the time for taking the appeal.

RULE IV. Notice of appeal shall set forth the errors complained of in a plain and concise manner.

RULE V. The county superintendent shall, within ten days after the filing of such notice of appeal in his office, notify the clerk of the proper district, in writing, of the taking of such appeal, and the latter shall, within ten days after being thus notified, file in the office of the county superintendent a complete transcript of the record and proceedings relating to the decision complained of, which transcript shall be certified to be correct by the clerk of the district.

or by attorney, but no evidence shall be considered by said superintendent, except that produced before the board of directors from which the appeal is taken. After hearing such argument, the county superintendent shall make such decision as may be just and equitable, and when the aforesaid decision has been made he shall immediately notify all parties to the proceeding of his decision.

RULE VIII. An appeal may be taken from the decision of the county superintendent to the Superintendent of Public Instruction, in the same manner as provided for taking appeals from the district board to the county superintendent, as nearly as applicable, except that the Superintendent of Public Instruction shall give twenty days' notice of the hearing of the appeal to the appellant and all other parties to the proceeding, and the decision when made shall, so far as the school department is concerned, be final. This right of appeal shall apply to all cases, except as hereinafter provided, and in any case of sufficient importance the Superintendent of Public Instruction may bring the matter before the State Board of Education for determination. The county superintendent, having acted as trial judge in the original hearing, shall in no way be considered a party to the appeal.

Whenever applicants take the examination in any of the five additional subjects required for a five-year certificate, or in any of the additional subjects required for a life certificate, the fees provided for such papers shall be paid at the time of the examination.

RULE XXIII. Any teacher who holds a paper that has not yet expired, or who, for any other reason does not wish to have his certificate issued at the time of the examination, should write "Issue on demand," on the preliminary paper. If the applicant passes the examination he may, at any time within three years from the date of the examination, apply to the Superintendent of Public Instruction; and the certificate will be issued and will bear the date upon which the application is made.

RULE XXIV. Before finally leaving any examination, every applicant must fill out and sign a preliminary paper. TEACHERS.

RULE XXVI. The teachers in the public schools of the State may dismiss all pupils under eight years of age after a four hours' session each day, or, where that is not practicable, may allow to pupils of that age recesses of such length that the actual confinement in the school room shall not exceed three hours and a half per day.

RULE XXVII. Teachers shall exercise watchful care and oversight over the conduct and habits of the pupils, not only during school hours, but also at the recesses and intermissions, and while going to and returning from school.

RULE XXVIII. It is expected that a strict and wholesome discipline will be constantly maintained in all public schools; but teachers are cautioned against displays of ill temper and undue severity in the school room.

RULE XXIX. In any case of misconduct or insubordination, when the teacher deems it necessary for the good of the school, he may suspend a pupil, and shall immediately notify the directors of the district thereof. The directors shall forthwith meet and consider the matter, and if they approve the action of the teacher and think the case calls for further punishment, they may expel the pupil from the school.

RULE XXX. Teachers in the public schools shall, to the utmost of their ability, inculcate in the minds of their pupils correct principles of morality, and a proper regard for the laws of society, and for the government under which they live.

RULE XXXI. Every public school teacher shall give vigilant attention to the temperature and ventilation of the school room and shall see that the doors and windows are open at each intermission for the purpose of changing the atmosphere of the room. He shall require his pupils to take proper exercise, and shall encourage healthful play at recesses, but he shall strictly prohibit all dangerous and immoral games and amusements.

RULE XXXII. Teachers shall have the right, and it shall be their duty, within reasonable limits, to direct and control the studies of their pupils; to arrange them in proper classes, and to decide, subject to these rules, what and how many studies each shall pursue; *provided*, the said direction and control of studies and arrangements of classes shall be in accordance with the course of study prescribed by the State Board of Education.

RULE XXXVII. At the close of the school year, or whenever the teacher leaves the school, he shall make in the school register a copy of his program and shall carefully note the point in the State Course of Study where each class began and closed, together with such other data as the State Board of Education may require. At the close of the school the teacher shall deposit the register with the clerk of the district, who shall preserve the same, along with the other books and papers belonging to his office, for inspection.

RULE XXXVIII. Teachers are authorized to require excuses from the parents or guardians of pupils, either in person or by written note, in all cases of absence or tardiness, or dismissal before the close of the school, and no excuse shall be deemed valid except that of sickness. The teacher shall be the judge of the sufficiency of excuses, subject to an appeal to the directors; *provided*, that the boards of directors may, by formal adoption, change the character of the excuses, which shall be deemed valid in compliance with the powers of directors as set forth in Section 122 of this compilation.

RULE XXXIX. Whenever the unexcused absences of any pupil during any term shall amount in the aggregate to seven days, he shall be reported to the directors, and the teacher may suspend him until the opinion of the directors can be taken. For this purpose an unexcused absence or tardiness for half a day or less, or for more than one hour at any one time, shall be deemed a half day's absence; and such absence or tardiness for more than half a day at one time shall be reckoned as an absence for a whole day; *provided*, that boards of directors may establish a less time of absence or tardiness as cause for suspension or expulsion, which shall be deemed valid in compliance with the powers of directors, as set forth in section 122 of the Oregon School Laws.

RULE XL. The names of those pupils of the public schools of this State who, at the close of any month shall be found to have been neither absent nor tardy during the month, and who have maintained correct deportment, shall be read to the pupils of the school, and recorded in the teacher's register for the inspection of school visitors.

RULE XLI. In all public schools in this State the teachers shall require of their pupils regular stated exercises in composition and declamation.

PUPILS.

RULE XLV. That portion of these rules and regulations pertaining to the duties and privileges of teachers and pupils shall be read and explained by the teacher, in the presence of the school, at least once during each school term.

SUGGESTIONS FOR USE OF SCHOOL OFFICERS.

SCHOOL MEETINGS.

1. Notice of all district meetings should be given as prescribed by law, and the object for which the meeting is called should be explicitly and minutely set forth.

2. The presiding officer is designated in Section 187 of the school law. It is his duty to call the meeting to order, and, on the appearance of a quorum, to proceed to business.

3. The clerk of the district is *ex officio* secretary of the meeting, and it is his duty to record all motions voted upon by the meetings; also all items of importance to the district should be noted, the minutes being completed, if possible, and presented to the meeting prior to adjournment. All minutes should be properly recorded and preserved in the district record book.

4. The chairman of the meeting should preserve order, and he may speak on points of order in preference to other members. He decides all points and questions of order, subject to an appeal to the meeting by motion regularly made and seconded, and no other business shall succeed until the question on appeal has been determined. The form of putting a question on appeal is as follows: "Shall the decision of the chair stand as the judgment of the meeting?" The chairman may vote on an appeal. No second appeal should be entertained until the original appeal is disposed of.

5. The chairman should put all questions clearly in order, but he should not put irregular motions or motions made at improper times.

6. All business coming before the meeting should be in the form of a written resolution, order, or motion. This is regular and will aid the clerk in keeping accurate minutes.

7. The chairman, in putting a question, should rise in his place and distinctly state the motion. All questions should be put in the order in which they are moved. After a motion is stated by the chairman it is in the possession of the meeting, to be disposed of by vote. The question may be withdrawn by the mover, pending discussion, before a decision is reached, or before an amendment is offered, except a motion to reconsider.

8. No member is entitled to address the meeting except under a pending motion which has been seconded, or by special privilege, or rule of the meeting.

9. No member is entitled to speak more than twice upon the same question, except by special permission of the meeting.

10. The following motions take precedence over all others. The motion to adjourn, the motion to lay on the table, the motion for the previous question, the motion to postpone. These several motions are not debatable.

11. The motion to adjourn is first in order, and always in order; but having once failed it should not be repeated until other business has been transacted.

12. The motion to lay on the table is a temporary one; its main purpose usually is to secure time for consideration before the previous question is ordered.

13. The previous question is disposed of as follows: The chairman demands, "Shall the main question be now put?" After it is moved the motion is not debatable.

14. Indefinite postponement is the last motion before the vote in passing or rejecting any proposition.

15. Members have an equal right to the floor, and when two or more rise at once the chairman names the one entitled to speak; *provided*, that no member should be allowed to speak more than once until other members have been granted the same privilege.

16. No member speaking should be interrupted by another, but by rising to call to order.

17. Any member may call for a "division" of a question, when the sense will admit of it, and the chairman should decide this, generally, without appeal.

18. The unfinished business of any meeting should have preference at any meeting immediately subsequent. The usual rule in this case seems to be that all questions relating to the priority of business to be acted upon shall be decided without debate.

19. No rule or order should be dispensed with, altered, or repealed unless two-thirds of the members present consent thereto.

20. To prevent hasty and inconsiderate action on matters which may not be well understood at once, and perhaps to prevent long and irrelevant debate, every motion, order, or resolution offered by the members should be reduced to writing prior to the presentation to the secretary or meeting.

COUNTRY SCHOOLS.

LOCATION.

1. It is assumed that the school district has been accurately surveyed, and the metes and bounds recorded. Without this the choice must be, to some extent, guesswork. The location should be as near as may be convenient to the geographical center of the district; but reference must be had to the roads by which it can be reached and the impediments that may lie in the way. In rural districts the geographical center, when access is easy, should be preferred to the center of population, because the latter is liable to change.

SITE.

2. Hollows and the edges of swamps should be avoided. Hill-tops are also objectionable. A moderate elevation, from which the ground slopes in all directions, is to be preferred. A piece of woods, which would shelter the house from the prevalent winds of winter, is a great protection; but no trees should be allowed to stand within fifty feet of the building.

ORIENTATION.

3. This question has not yet been settled by theorists. So much depends on the location and the site, and the kind of building that is erected, that no general rule can be given. Considering that the country schoolhouse is usually closed for several months in summer, it will generally be most convenient to have the house built so that pupils may sit facing the north; the windows should not be on opposite sides of the building.

PLANS AND SIZE.

4. Let us, for the sake of simplicity, confine our attention to the country schoolhouse, with one teacher and an attendance of from twenty

to fifty pupils. In such schoolhouse more than two-thirds of the people of the United States have received and will receive their elementary education. A square house is objectionable. The length should be about one-third greater than the width. This gives room for the teacher's desk and for a recitation seat, and places the desks in a square block in front of the teacher. There should be at least twelve square feet of floor space for each pupil. The ceiling should be twelve and a half feet in average height; this will allow each pupil one hundred and twenty cubic feet of air space, and under no circumstances should there be less than this amount. A house twenty-four by eighteen feet, inside measurement, will accommodate twenty-two pupils; a house twenty-eight by twenty-one will accommodate forty pupils; twenty-four by thirty-two, fifty pupils. It is advisable to build a house large enough for an attendance one-fourth larger than the number usually going to school in the district. The new house attracts better teachers, and the double attraction secures more pupils. Section 72 of this compilation provides that it shall be illegal for any school district of the third-class to erect a school building until the plans for the same have been approved by the county superintendent.

WARDROBES OR CLOAKROOMS.

5. A place for depositing the outer garments in safety and in an orderly manner is a necessity in even the cheapest and smallest schoolhouse. Such a place is often obtained by building a vestibule in front of the house. This arrangement improves the external appearance of the house, but it is comparatively costly and not free from other objections. The cheapest and best plan in a house of only one room is to cut off from the south side of the room two small cloakrooms, one for the boys and one for the girls. The pupils' entrance is by a door leading into the small passage between these two closets. There is no door to the closets; an arched doorway always open exposes the interior of the closets at all times to the eye of the teacher, whose desk is in the north end of the house. These closets should be furnished with suitable clothes hooks and with shelves to hold lunch baskets.

PLASTERING.

6. As most of the country schoolhouses are closed during part of the year, the plastering is apt to be affected by the damp. The walls should be wainscoted to the height of four feet from the floor. If the rest of the wall were sheathed with wood of a lighter color than the wainscoting and the ceiling covered with the same material, it would be found much better than plaster, more ornamental, more durable and not so much more expensive.

OUTBUILDINGS.

7. The health and comfort of teacher and pupils demand:

First—That a substantial woodshed be built and a sufficient supply of good fuel be placed therein at the beginning of each term.

Second—Common decency always demands that water-closets be provided and placed in the opposite rear angles of the school yard, or in some other convenient situation.

Gravel, plank, or brick should be laid from the schoolhouse to these buildings. The advantages of placing these closets in easy and convenient communication with the school room are numerous. The fierce winds in winter, the wet and soft grounds in fall and spring are dangerous exposures to delicate children in leaving a hot room, who are compelled to traverse the length of the playground through mud and water to a mean and miserable shed through which the wind constantly and

freely blows. The water-closets should be simple and substantial in construction, and not too large. Two feet and a half of room is ample for each child, and never under any circumstance should there be two seats in the same inclosure. Each seat should be in an inclosure by itself, and the screens should be six feet in height or more. In very many delicate and nervous children nature refuses to perform its usual functions, however great the necessity, in the presence of others or under unaccustomed circumstances, and a decent privacy in the school conveniences is necessary to save such from daily pain, and more often serious consequences. The promiscuous arrangement and condition of the ordinary school privileges urgently demand that these necessary appliances should receive at least as much care as the other circumstances of school life.

APPARATUS.

8. Globes, charts, numeral frames, outline wall maps, ink, paper, text-books, cube and square root blocks, are necessary appliances for the efficient management of every school.

FURNITURE.

9. Among the indispensable articles of furniture are a few chairs, a teacher's table, blackboard and crayons, a clock, a dictionary, a covered water jar, pointers, erasers, brooms and brushes. Each school should be furnished with a closet in which the movable property may be secured, and a bookcase for the school library.

BLACKBOARDS.

10. Blackboards should extend entirely around schoolroom. Have the top about six and one-half feet from floor. For use of young children the boards should reach to within two feet of floor, the height of boards to be determined by the age and size of children that occupy the different rooms. Slate boards are noisy and expensive. Wooden boards are also noisy and unsatisfactory. Paper or artificial slate boards are the most satisfactory. There are several manufactures of this kind of blackboard, and it would be well for the school committee to get samples from each before selecting.

LIGHTING.

11. Special attention should be given to the size and location of windows; quality and mountings of glass should be in a manner that will not interfere with the transmission of light by casting shadows. All windows should be high and all windows covered by shades for controlling the light so that the supply of light may come from above and not from below. The light should not be sparingly admitted and it should not be too strong to be trying on the eyes. The light supply should be located so as not to come from opposite directions and desks should be arranged so that the light will come from above and from the left side. Clear glass free from flaws and irregularities is best calculated to transmit light. Tinted or colored glass should not be used in the schoolroom. High windows in the rear of the schoolroom to admit of ventilation and casting high light are very desirable.

VENTILATION.

12. More defects are to be found in the arrangements for lighting and ventilating than in any other respect. The average school patron does not realize the importance of these points, and too often the teacher is negligent concerning them.

When pupils are sluggish, inattentive, or irritable, there is cause to believe that the air is not so pure, or the light not so good, as should be.

The admission of fresh air into the room without causing a draft is often a problem hard to solve. If the matter is given the proper attention during the construction of the building it will save much worry and trouble.

The two floor joists (sleepers) that pass under the place where the stove is to be set should be carefully ceiled on the under side; a hole cut in the weatherboarding above the sill at the end of this flue as long as the joists are apart and as wide as the joists. This hole should be covered with wire gauze. A hole should be cut in the floor just under the stove about eight inches square. This should also be covered with wire gauze. This air box, if constructed as suggested above, will be eight or ten inches deep and one and a half or two feet wide. It should be perfectly airtight under the house so that dust or foul air from under the house would not be drawn into it.

If no air leaves the room none can enter; therefore it is necessary to provide a vent for the escape of the impure air. Hot air rises and if this opening is made in the overhead ceiling, the cold air in parts of the room not near the stove will remain unchanged and not heated. The carbonic acid gas which is given off by the pupils in breathing is heavier than air and if the escape vent is not near the floor this foul gas will not be removed, although pure air may be passing through the room.

At the gable end of the room, sheet two studs with tin, or tar paper. The plate should be cut out between these two studs and the box continued to within two feet of the comb. Here an opening should be made in the weatherboarding as large as the space enclosed between the studs. The tin or paper on the inside should be pulled across and attached to the weatherboarding just above this hole.

At the floor the baseboard should be cut out between these two studs. The holes at each end of this flue should be protected with wire gauze to keep out birds and rats. If this flue is not made airtight on the sides, the cold air rushing through the cracks of the weatherboarding will prevent its taking the air from the room.

Around the stove should be a sheet-iron jacket, a foot higher than the stove, and six to twelve inches from its sides all around. As the air inside this jacket is heated and rises, the air from the flue underneath rushes up to take its place and be heated. The air in the room is pressed down, and being warmer than the air outside, causes a draft through the opening in the baseboard at the end of the room.

It costs no more to have the windows so arranged that the rooms of the building may be properly lighted and ventilated. They may be as far as three feet above the floor, but they should reach within a foot of the ceiling. The upper sash should be hung with weights or on hinges. In most schoolrooms the space above the tops of the windows is one-fourth or more of the space in the room. Only when the air in this space is cooler than that on the outside will it descend and pass out the openings.

Under no circumstances should windows be at the end of the room toward which the pupils face when seated. If only one side is lighted, so arrange the seats that the light comes to the left side of the pupil.

If possible the room should be so located that the pupils seated shall face north. All maps should be hung on the north wall. This is especially important in the arrangement of rooms for primary grades.
